SUCCESSFUL PUPILS OF  
MISS K. MCKRILL

The following pupils of Miss McKrill were successful at the examinations of the Associated Board of the Royal Academy of Music and R.C.M.

Intermediate grade—Margaret McDonald and Marie Olson.

Higher division—Betty Greig.  
Lower division—Dorothy Costick and Veardella Packer.

Elementary division—Albert Thomason, Allan Short and Caroline Kuryluk.

Primary division—Alexander Costick (honorable mention) and Douglas Wilson.

Rudiments of Music—Belle Flynn, Margaret McDonald, Marie Olson, Kathleen Costick and Frances Costick.

Belle Flynn has the honor of gaining the highest marks in Rudiments—94.

JOSEPH D. MATHESON, K.C.,  
IS CONSERVATIVE CANDIDATE

Quite a number of delegates and others from this district attended the big Conservative rally at Macleod on Saturday last, at which Joseph D. Matheson, K.C., was the unanimous choice as standard bearer for the Macleod federal constituency in the forthcoming election.

Mr. Matheson is very well known throughout the entire riding and should make an excellent run.

COLORS OF ALL OUTDOORS  
IN SINGING "TEXAS MOON"

Lovers of the big outdoors need not spend time and money to seek the glories of the great south-west, since Warner Bros. "Under a Texas Moon," first 100% talking, singing, outdoor picture in natural color—now at the Orpheum theatre—catches every hue of sky, earth and water—as well as glowing tints of flesh, hair and eyes.

'S all fixed up now. At a private conference of representatives of Blairmore and Coleman, held last night, a compromise was arrived at, whereby Coleman is to have the district municipal hospital and Blairmore the consolidated school.

Traffic officers in Ontario are waging war against car-jacked drivers. "Necking" is also a crime in Alberta.

"SPRING IS HERE"  
BRINGS NEW SONGS

Not content with using the songs made popular by the musical comedy, "Spring Is Here," the First National song writers, under the supervision of Norman Spencer, have added four new ones to the three held over.

With a "Song in My Heart" and "Yours Sincerely," were judged musical enough to be used in the picture along with "What's The Big Idea," "Sighing for the Carolines," "Bad Baby," "How Shall I Tell" and "Have a Little Faith in Me."

These songs will all be sung in the First National picture "Spring Is Here," coming to the Orpheum theatre next Monday, Tuesday and Wednesday. Alexander Gray, Bernice Claire, Lawrence Gray, Inez Courtney and Frank Albertson, featured players.

"THE ROGUE SONG"  
SMASHING HIT

The first talking picture to star an opera celebrity has arrived, in "The Rogue Song," Metro-Goldwyn-Mayer's music picture featuring Lawrence Tibbett.

An inventory of the new picture, now playing at Cole's theatre, would go something like this:

Filmed entirely in natural colors; directed by Lionel Barrymore; drama and adventure interspersed with comedy relief by the team of Laurel and Hardy; music ranging from numbers of operatic magnitude to popular love songs; spectacular Albertina Rasch ballet in color; Elsa Allen and huge women's chorus; symphony orchestra for accompaniment—and one of the greatest casts a picture has had in years.

Though the production is primarily a story of love and adventure, still at the same time it is the first talking film to give an audience a taste of grand opera music and ballet.

Tibbett, who was a great stage actor before he became an opera star, is impressive as the swashbuckling bandit chief, who sings as he dares death.

### ADVERTISE THE TOWN

No business man in any place should allow a newspaper published in his town to go without his name and business being mentioned somewhere. It does not mean that you should have a whole, half or even a quarter page advt., but your name should be mentioned if you do not use more than a two-line space. A stranger picking up a newspaper should be able to tell what business is represented in the town by looking at a paper. This is the best possible town advertiser. The man who does not advertise his business does an injustice to himself and the town. The life of the place depends on the live, wideawake and liberal advertising man—American Bankers' Magazine.

Christians are only allowed one wife—and that is called Monotony.

## Indigestion

What most people call indigestion is usually excess acid in the stomach. The food has soured. The instant remedy is an alkali which neutralizes acids. But don't use crude helps. Use what your doctor would advise.

The best help is Phillips' Milk of Magnesia. For the 50 years since its invention it has remained standard with physicians. You will find nothing else so quick in its effect, so harmless, so efficient.

One tasteless spoonful in water neutralizes many times its volume in acid. The results are immediate, with no bad after-effects. Once you learn this fact, you will never deal with excess acid in the crude ways. Go learn—now—why this method is superior.

Be sure to get the genuine Phillips' Milk of Magnesia prescribed by physicians for 50 years in correcting excess acid. Each bottle contains full directions—any druggist.

## WORLD HAPPENINGS BRIEFLY TOLD

Sir John Simon, head of the recent British commission to India, plans to return to India, June 8, aboard the "Duchess of Atholl."

French ports of Calais, Boulogne, Havre, Dieppe and Cherbourg are reported well satisfied that the British Government has decided against a tunnel under the English Channel.

Carol Caraiman, citizen, has become King Carol II. of Rumania, by a vote of the Rumanian parliament, which lacked only one of being unanimous.

Andreas Macedo, a Portuguese, sailed from Morocco, June 4, for New York, in a 20-foot sloop named the "Aufa." He was the lone passenger, sailor and navigator.

John Amos, whose lone flight to Australia has roused the British, has been given \$50,000 by Lord Rothermere's Daily Mail in recognition of her performance.

Two hundred members of the Agrarian Producers' Union, of the Argentine, will arrive at Victoria, B.C., on September 14, to commence a tour of Canada.

Passenger trains on the Continent are fast being equipped with radio receivers for passengers. The latest is the train from Havre to Paris. Passengers can hire headphones and listen in to Eiffel Tower Radio, Paris, or radio station SXX.

The Prince of Wales and Prince George have both entered planes in the King's cup air race to be held July 3. Squadron Leader Don, who has been the Prince of Wales' pilot on recent flights, is expected to fly the royal heir's entry.

For the first time an aeroplane will be used for inspection of Indian agencies and reserves in the Mackenzie River district. Inspector C. C. Parker, of the Department of Indian Affairs will leave Watrous, Alberta, early in July, his most northerly objective being Herschel Island.

## Western Canada New Mecca

Request For Information Received From United States Motorists

Motorists in many parts of the United States, having exhausted the possibilities of travel in Eastern United States, are now looking to Western Canada as their new Mecca. This was the frank statement in a letter received by the local office of the Saskatchewan Motor Club from its Southern Illinois affiliation, the Auto Club of Egypt, which urgently requested a generous supply of maps, booklets, holiday and road information concerning Saskatchewan.

## A Century Old Song

That fine old song "Rocked In the Cradle of the Deep"—a perpetual challenge to basses—was written by Emma Willard, nearly one hundred years ago. Emma, an American poet of note in her day, wrote it on July 14, 1831, after a violent storm at sea during a voyage she made aboard the good ship "Sally," says Thomas F. Madigan (in "Word Shadows Of The Great"). So that she was one person at least who went to sea before writing about it.

In the first three months of this year 10 British army aviators were killed in five crashes.

Florida has a longer coast line than any other state in the Union.

W. M. L. 1882

have held their own with the best that could be produced anywhere. It is a matter of gratification to the people of Manitoba that the first citizen, his Honor the Lieutenant-Governor, James Duncan McGregor, has risen to his eminent position in the community largely through his success as a breeder of pure-bred cattle. That success has been due to intelligence, persistence, hard work and a refusal to believe that "it couldn't be done."

The story is the same in regard to other phases of farm activity. Who is there among the middle-aged people of Manitoba who does not remember the day when butter from Eastern Canada was considered essential to human existence here? A quarter of a century ago it was almost impious to suggest that this Province should manufacture its own butter. Today the Manitoba product is known and appreciated all over Canada, and in many foreign markets as well. During the past ten years it has won most of the cups and prizes at leading exhibitions in every part of the Dominion, and has set a standard in the manufacture of butter which is unparalleled.

The enthusiasm with which the people of Manitoba are preparing to celebrate the Diamond Jubilee of the Province, on July 15 next, might lead an outsider, unfamiliar with our progress and development, to enquire what it was all about. He would need to be told that the Province was formally admitted into the Canadian Confederation on July 15, 1870, and that the present generation was showing its pride and satisfaction at what had been accomplished in the sixty-year period.

The outstanding fact in connection with Manitoba's history as a Province is that her people have practically achieved the impossible in the production of foodstuffs. One need not go far back into the annals of the nineteenth century to find a positive and emphatic declaration of opinion on the country's resources, from a man whose position should have given him the right to speak with authority. He was foolish enough to insist on more than one occasion, that wheat would never grow in any place more than ten miles from the Red River. His cue was taken up by many lesser "authorities," and the whole territory was apparently doomed and damned as a source of cereal food supplies. What has been the real situation? Manitoba wheat has secured a firm position of leadership in the markets of the world, and has held that distinction for more than forty years. Without desiring to affect in any way upon the fertility of the Red River district, it may be added that most of the wheat is produced much more than ten miles from the famous waterway. Out and barley and their testimony in rebuttal of the foolish prophecies of men who should have realized the value of silence. The cultivation of grain, in fact, has provided the foundation for Manitoba's progress. Farmers who knew their business came here from other lands, mostly from Ontario, to take a look at the soil and examine the other elements of crop production. They found every case one look was enough. Those who stayed and worked with energy and determination, succeeded in establishing forever the reputation of this Province as a centre of high-class agricultural property. They were not daunted by weird tales of visitations of grasshoppers, drought, frost, hail, floods and all the other torments of the "cradle-hanging" era. Nor did they flinch on the rare occasions when they encountered these torments, singly or in combination. They persevered and won through; perhaps they did not realize at the time that they were "achieving the impossible."

The dire predictions regarding the possibilities, or rather the impossibilities, of grain production were repeated and multiplied when it came to the consideration of other items relating to human sustenance. They were, it seems, to be disregarded as possible factors in the economic life of the new Province. Could live stock, for instance, be expected to survive in a land where even the buffaloes, with unlimited grazing areas at their disposal, found it difficult to exist?

Abundant, according to the wisemen of that day. But the agricultural pioneers did not agree with them. They "knew their onions," but they knew even more about their hay and grain, and chopsticks, and straw-stacks and shelter and stabling. They knew, too, that if a little care were exercised in choosing the proper breeds, and some degree of special attention were directed toward the stock during the comparatively short periods of abnormal winter weather, good results could be obtained. The justification of their faith is to be found in the prize distributions at leading stock fairs throughout Canada and the United States during the past thirty years. Manitoba cattle

have held their own with the best that could be produced anywhere. It is a matter of gratification to the people of Manitoba that the first citizen, his Honor the Lieutenant-Governor, James Duncan McGregor, has risen to his eminent position in the community largely through his success as a breeder of pure-bred cattle. That success has been due to intelligence, persistence, hard work and a refusal to believe that "it couldn't be done."

## Cutworm Outbreaks, 1930

Are Present in Exceptional Numbers and Over Wide Areas  
(Kenneth M. King)

The cutworm outbreak which was predicted for this spring is materializing in very serious proportions and over wide areas. Two types of cutworms are involved.—The Red-backed cutworm group generally throughout the park belt, and the pale western cutworm in a few districts as detailed below. It is important to distinguish between these two kinds, because of a marked difference in means of control. These cutworms are present in exceptional numbers, and the early hatching and generally dry conditions of this season are conducive to a heavy rate of damage, although the coolness of the spring has been somewhat unfavourable to the cutworms.

Districts Involved.—The Red-backed cutworm seems to be generally abundant this year in the bush country, throughout the park belt, and into the adjacent margin of prairie land. It is particularly destructive in gardens and to the broad-leaved crops, though cereals may also be seriously damaged.

The pale western cutworm occurs in two areas.—(1) It is extremely abundant this year in south central Saskatchewan, in the heavy soil of the Regina plains. The outbreak definitely extends from Balcarres, in the Head and Sinita on the east to Moose Jaw, and possibly to Estbank and Central Butte on the west. Southward, it probably extends to the International Boundary, in the heavy soil. (2) An outbreak is also expected in extreme western Saskatchewan, especially around Almah, extending possibly to Madison, on the east, and Maple Creek to the south.

How To Distinguish.—Cutworms can be readily distinguished by their soft round bodies and their habit of cutting off the plants completely at or near the surface of the ground. The only other spring pest of similar type of damage is the wireworm, which can readily be distinguished by its smaller, hard, bright shiny yellow body, and the fact that it attacks the seed and lower stem, seldom cutting off the plant completely.

It will be noted that the two types of cutworm mentioned may both be abundant in certain districts. The Red-backed cutworm may be readily distinguished by the definite coloration, usually a dull red—upon the back, and the distinct line lengthwise of the back. The pale western cutworm is almost colorless, except for the slight color given by the food, and other contents of the body. It usually has a very greasy appearance.

Control Measures.—Red-backed Cutworm: Poisoned bran bait is a very effective and practical means of control, either in gardens or in large fields, for all cutworms of red-backed type. The important thing is to watch the fields closely and use the bait in time to save the crop. If a field is ruined, use of the bait will permit immediate re-seeding safely.

Three things are essential in using this bait for cutworms:—(1) The bait must be put out in the evening,

since it is only at night that these cutworms come above the surface to feed. (2) A warm night should be chosen, if the thermometer registers less than fifty degrees Fahrenheit at sundown, it will be too cool to secure a good kill of cutworms. Best results are secured when the surface soil is moist. (3) The bait should be evenly spread over the surface, since the worms must come in contact with the bait in order to feed on it; a very thin application, 20 to 30 pounds per acre, is sufficient.

The bait is prepared as follows—Bran, 25 pounds; Paris Green, 1/2 pound (or white arsenic, 1 pound); cheap molasses, 1 quart; water, 4 or 5 quarts.

The dry bran and poison are first thoroughly mixed together (keeping mouth and nose covered with a damp cloth, during the process). The molasses should be dissolved in the water, and this mixture then slowly stirred into the poisoned bran until it is thoroughly moistened and free from lumps. CAUTION.—Keep any unused bait or poison out of the way of children or animals.

Pale Western Cutworm: Poisoned bran bait has not proved effective against the pale western cutworm, hence the special importance of distinguishing it from the red-backed kind. In fact, there is very little that can be done, where fields are heavily infested by the pale western cutworm, except to avoid waste of seed by delaying re-seeding until the cutworms have ceased feeding.

The cutworms migrate very little, even when a field has been eaten bare, and cases are known in which 4 or 5 seedlings have been destroyed in the same place in one spring. This year, re-seeding will probably be safe about the end of June; this is, of course, too late for most crops, but barley may perhaps be used, or oats for green feed or hay.

Where only parts of a crop are destroyed by this cutworm, the remainder may be partially protected by moulching a deep furrow around each undamaged area.

Reports and Queries.—Circulars giving fuller information about either or both of these types of cutworm may be had upon request.

Immediate reports of any important outbreaks which may occur in your district would be welcome. Reports or queries may be addressed either to the Department of Agriculture, Regina, or to the Dominion Entomological Laboratory (University of Saskatchewan), Saskatoon.

## Large Entry From B.C.

Canada will have on display at the Crystal Palace, London, England, during the fourth World Poultry Congress, July 22-30, a grand total of 563 birds, with 453 exhibition birds and 244 production birds. The remainder will be made up of ducks, geese, and pigeons. A few specially good rabbits are also being sent forward. British Columbia's entries total nearly half of the production breed birds.

A Nevada man has invented an automobile attachment that makes a jump on the instrument board of a car when a tire is punctured.

## SUNDAY SCHOOL LESSON

JUNE 22

## THE RISEN LORD AND THE GREAT COMMISSION

Golden Text: "Go ye therefore, and make disciples of all the nations."—Matthew 28:19.  
Lesson: Matthew 28:1-20.  
Devotional Reading: Psalm 118:1-9.

## Explanations and Comments

The Empty Sepulcher and Its Message, verses 1-8.—The Gospels do not describe the resurrection; they report it simply and matter-of-factly. Matthew tells of the visit of Mary Magdalene and the other Mary to the sepulcher late on Sabbath. CAUTION.—Keep any unused bait or poison out of the way of children or animals.

Pale Western Cutworm: Poisoned bran bait has not proved effective against the pale western cutworm, hence the special importance of distinguishing it from the red-backed kind. In fact, there is very little that can be done, where fields are heavily infested by the pale western cutworm, except to avoid waste of seed by delaying re-seeding until the cutworms have ceased feeding.

CHAPTER XVII.—Continued.

"Not he," said Grandma, "but he must have been made of India rubber to get off as easy as he did. Doctor Carter was just leaving the office, and the man landed right in his lap, so to speak, so he got a patient's musty, as if such a thing had to happen it was nice it happened where it did, on account of the doctor. It was most two hours before the man was fixed up and steady enough to go along. The doctor took two stitches and got paid three dollars. It was a real interesting morning, and four people came in this afternoon just to hear about it. Well, dearie, did Jim tell you the news?"

"News!" echoed Charmin, "I should say you'd told it yourself. You're out of breath, Grandma, with talking so long and fast. I'm sorry to be late, but Jim was going to East-boro and I wanted a little to make the ride when the foliage is so beautiful. I wish you could have seen it, too."

She turned toward the kitchen, the impending meal on her mind, but the old lady stopped her with a question: "But didn't he tell you about his mother?"

Charmin came back to ask: "What about his mother? He never mentioned her."

"You must have made myself extra diverting then," said Grandma seriously. "George K. stopped in, and I told him the news. It doesn't seem hardly believable—but Sarah Bennett's going to California!"

"To California?" repeated Charmin in amazement. "And leave Jim?"

"My stars!" ejaculated the old lady. "Don't you know that Sarah Bennett wouldn't any more think of going without Jim than she'd think of going without a pocket handkerchief? It seems so he hasn't been feeling very well, and Edward Howe thought a warm climate might help her. Her twin sister, Sophie, lives somewhere out that way, and they're going to her. What's more, George K. says if he climaxes again with her, the chances are they'll never come back! Didn't I say it had been an exciting day?"

CHAPTER XVII.

That night when she lay in bed, starting at a crack in the ceiling that showed weirdly bright in the light of the harvest moon, Charmin wondered if the evening meal had been fit to eat. She had gone about its preparation in a daze, wondering why Jim hadn't spoken of this big change in his life—feeling hurt that he wouldn't have confided in her—wondering how Wickfield would seem without her old playmate to drop in of an evening, or to pick her up for school hours as he had today—telling herself vigorously that she wasn't one bit in love with him—admitting in the next breath that she would miss

him terribly. The clock in the Town Hall tower struck midnight before she closed her eyes.

Yet it had been a diverting evening because the Merry had stopped in for a chat with Grandma. Doctor Howe, also, had drawn up before the door, and summoning Charmin outside with his familiar whistle, told her not to worry about her "job"; that the school board would uphold her in case of trouble.

"But don't let Grandma hear a word about this," she implored him. "Has the deacon been to you already?"

"Not he!" smiled the old man. "He knows too well whose side I'm liable to take. I heard the story from Jim Bennett. Guess he thought I'd better be prepared. Good-night, child. I won't say a word to Grandma; but you can count on me in an emergency, and if I know him, you can count on George K., too. Don't lose your sleep."

This short encounter had brought Charmin's thoughts around to Jim. From whom they had wandered during the Merry's call; but they were switched away again by John Carter, who was teaching Grandma three-handed bridge and wanted Charmin's assistance. They sat up till the unhealthful hour of ten.

Yet despite all these diversions, Charmin couldn't rest. Her anxiety about the trouble with Deacon Furdie, and her hurt that Jim hadn't spoken of his plans, were poor bedfellows. She dozed, big-eyed next morning, and the doctor said at breakfast: "You didn't sleep well, did you?"

"Do you keep an X-ray machine back of those eyes of yours?" she asked. "No, I didn't sleep, that is, restfully. Our bridge game was too exciting. I felt as if I'd imbibed a pint of coffee."

"I'll drive you to school," offered the girl shook her head.

"I'm just as grateful, but I need exercise, and it's a gorgeous morning for a walk."

"I kind of suspect," said Grandma softly, as Charmin left them, going to the kitchen to prepare their lunch, "that she's bothered because Jim Bennett didn't tell her he was going to California. Seems funny, doesn't it? He never said a word about it; and so far as I know, no one else in the West has ever been west of the Mississippi except George K. and Salina. They took a trip on their silver wedding anniversary—dear old honeymoon. George K. called it, because they hadn't the money to take them when they were married. They went most everywhere—Yellowstone National Park, the Grand Canyon, and San Francisco, though I should think they'd have been afraid of earthquakes."

"Well, Doctor, I wonder will anybody break a neck in front of your office this morning? That accident was fortunate to happen where it did; but I guess if Lizzie Baker had seen the narrow escape her cat had, she'd have had a spasm."

It was not a long time for exercise which made Charmin refuse the doctor's offer of a ride that morning, but a desire to walk off the depression that still persisted. She felt not only depressed, she told herself as she stepped out into the October air, life. None can appreciate what these things mean so much as those who have suffered, and it is probable that a great deal of the world's scientific progress arose from just such circumstances.

There is, however, one great scientific living; whose wizardly skill has not contributed to the particular affliction from which he suffers badly. Thomas Alva Edison is almost stone deaf, and has been this for many years, yet he has not produced a device to remove that condition. When asked why, he replies that he doesn't want to be bothered by people talking to him!

That may be just his little joke. But it does seem strange that he has never paid any attention to acoustical devices.

Of course, it may be that he considers it more a matter for medicine and surgery than for the electrical laboratory.

Named After Duke

Cambridge Bay, Victoria Island, was named by Thomas Simpson in 1839, after H.R.H. Adolphus Frederick, 6th Duke of Cambridge (1774-1850), and 7th son of George III. Thomas Simpson was a cousin of Sir George Simpson, Governor of the Hudson's Bay Company. Along with an experienced H.B.C. officer, Peter Dease, he explored the Arctic Coast from Alaska eastward in the years 1836-39.

London's force of police-women is to be doubled in strength. In 1925 the number was raised from 24 to 50. Now it is to be more than 100.

The line of the equator crosses no desert.

Minard's for Falling Hike

## WHY SUFFER FROM YOUR LIVER?

Why be handicapped with unsightly blotches on the face, eyes with yellow tinge and that tired and languid feeling? This indicates a torpid liver. Headache, Dizziness and Biliousness surely follow. You must stimulate your liver, start the bile flowing with Carter's Little Liver Pills.

They also act as a mild laxative, purely vegetable, free from calomel and poisonous drugs, small, easy to swallow, and not habit forming. They are not a purgative that cramps and pains, unpleasant after effect following, on the contrary a good tonic. All Druggists 25c and 75c red boxes.

ly, and now she's doing her best to ruin Jim's."

"He should stick up for his rights," said Charmin slyly, and lifted her chin the least bit higher.

George K. cast upon her a sidelong glance.

"Did you ever live in the house with Sarah Bennett?"

"Did you?" Charmin countered.

"No, thank God," George K. exploded, "but I know her kind. They break the spirit after a while, Charmin, and Jim, poor boy, has known other close companionship. Sometimes I wonder how he's kept his sense of humor and his kind heart. Well, as they reached the corner where Main Street turned off toward District Four, 'T'll be late at the bank if I escort you any farther. You'll remember not to worry."

"I'll remember, Uncle George," she answered gratefully, "and—thanks."

To Grandma the morning seemed to drag. John Carter had left shortly after his customary chat. And all after breakfast, and even the R.F.D. man was behind time, so couldn't he brought was an advertisement! Grandma tossed it scornfully into the waste basket, and wished that something interesting would occur.

"Seems as if Wickfield was never so still before," she complained aloud. "All I've seen is Lizzie Baker hanging out her dish towels, and Mr. Merty hurrying home from the post office with the paper. The children haven't had any fights, or the dogs, either! Here come an auto. I do believe it's Jimmy, and he's stopping."

She was right. Jim drove up before the door, got out, kicked a vicious looking tire, and then came in. (To Be Continued.)

## Used Experience To Advise

Men Who Recovered From Insanity Leads Movement To Aid the Mentally Sick

One of the leading figures at a world conference on mental hygiene recently in Washington was Clifford Beers, who was himself an asylum inmate for some time as a victim of insanity. He ultimately got better and resumed his place in society, and when success came to him—he was a graduate of the University of Yale—he devoted his time to leading a world movement in aid of the mentally sick.

A man who has suffered from a terrible illness or affliction, and who, whether he gets better of it or not, devotes his time or money to the cure or prevention of that trouble in others, has found his true life. None can appreciate what these things mean so much as those who have suffered, and it is probable that a great deal of the world's scientific progress arose from just such circumstances.

There is, however, one great scientific living; whose wizardly skill has not contributed to the particular affliction from which he suffers badly. Thomas Alva Edison is almost stone deaf, and has been this for many years, yet he has not produced a device to remove that condition. When asked why, he replies that he doesn't want to be bothered by people talking to him!

That may be just his little joke. But it does seem strange that he has never paid any attention to acoustical devices.

Of course, it may be that he considers it more a matter for medicine and surgery than for the electrical laboratory.

Named After Duke

Cambridge Bay, Victoria Island, was named by Thomas Simpson in 1839, after H.R.H. Adolphus Frederick, 6th Duke of Cambridge (1774-1850), and 7th son of George III. Thomas Simpson was a cousin of Sir George Simpson, Governor of the Hudson's Bay Company. Along with an experienced H.B.C. officer, Peter Dease, he explored the Arctic Coast from Alaska eastward in the years 1836-39.

## Old Secret Revealed

Crust Sultan's Rod Of Power Held Concealed Weapon

The Red Sultan, as Abdul-el-Hamid II. was known, brought down into the supposedly civilized times of the nineteenth century both the splendor and the wickedness of a darker age. He won his name from the carelessness with which he sent people to a better world, for which they may or may not have been grateful.

One of his peculiarities was that he was never seen without a certain jeweled sceptre in his hand. During a friendly audience he would use it as a staff, leaning his head upon the carved jade cross which formed the handle. In the midst of his throne room, and at the height of the mast, sceptres which he ordered in the Near East he used it to emphasize the decrees by which thousands of men, women and children went to their brutal deaths.

None knew just why this symbol of his tyrannic power was always present, but recently, half a century after his death, the secret has been revealed.

Abdul-el-Hamid II. left his sceptre to his successor—the first time that it had passed from his hand. But fate overtook the dynasty in the form of a revolution and, with other royal jewels, the rod of power found its way into the care of antique dealers.

Recently a merchant in the Rue la Boetie, in Paris, took the sceptre from a shelf where it had long rested to show it to a customer. As he handled it, he touched the jewels, and suddenly one of them gave way with a little click. He pressed harder, the sceptre opened and there was revealed a long, thin, cruelly dangerous dagger.

The Red Sultan stands revealed as a man who was afraid, who knew that in the midst of his authority he was not safe, that visitor or soldier alike might attempt his life and who carried even in his own hand the only surety upon which he might depend.

## A Real War Hero

Cardinal Lucon, Of Rheims, Served His Country Loyally

The death of Cardinal Lucon, of Rheims, removes one of the most notable ecclesiastical figures of the war period. When the German guns were trained upon Rheims, when the magnificent cathedral was trembling with their thunder, and part of the sacred edifice was actually smashed by German shells, the Archbishop stood faithfully at his post. He would not leave, though urged to retire to a place of safety. His place, he declared, was with his flock. He protested against the shelling of the edifice, and continued to fulfill his duties throughout the various bombardments. Later, he made his protest more effective, and it was his very letter to the Pope condemning the inhumanities of the German deportation of French folk from northern France that drew from the Vatican the famous message of rebuke to the German Emperor.

Cardinal Lucon was made of the stuff that wins for men in other fields. In others, he found his true life. None can appreciate what these things mean so much as those who have suffered, and it is probable that a great deal of the world's scientific progress arose from just such circumstances.

There is, however, one great scientific living; whose wizardly skill has not contributed to the particular affliction from which he suffers badly. Thomas Alva Edison is almost stone deaf, and has been this for many years, yet he has not produced a device to remove that condition. When asked why, he replies that he doesn't want to be bothered by people talking to him!

That may be just his little joke. But it does seem strange that he has never paid any attention to acoustical devices.

Of course, it may be that he considers it more a matter for medicine and surgery than for the electrical laboratory.

## Showed Canada's Efficiency

Opening Day At Antwerp Exhibition Found Building Complete To Last Detail

"Canada scored signally in the early weeks of the International Exhibition at Antwerp, and continues to lead and dominate the Fair," said T. Nottie, Director of Exhibits (Department of Immigration and Colonization), Canadian Pacific Railway, on his return from that exhibition, which still has six months to run. "The reason for Canada's prominence," Mr. Nottie explained, "is Canada alone of all the participating countries, had her building set up and finished, inside and out, on time. Not only that, but the whole area of the Canadian Pavilion was complete in the last detail of lawn and walks, shrubbery, hedge and flower beds. The whole ensemble, in fact, was a striking achievement, which in a singular manner, gave an impression of efficiency that was decidedly a feather in Canada's cap."

## WHEN YOUR CHILD IS FEVERISH

Give Him Baby's Own Tablets

The health of babies and little children is subject to rapid changes. Thus the mother must be on her guard. At the first sign of feverishness Baby's Own Tablets should be given—this may avert a serious illness.

Concerning the Tablets Mrs. Norman Lee, Uxbridge, Ont., says: "My little boy, now three years old, was not at all well. He was feverish and had no appetite. I gave him Baby's Own Tablets and he was soon well again. I would not be without the Tablets as long as there are young children in the house."

Baby's Own Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

## Many Government Employees

One out of every five Germans receives a salary or financial aid from the Government, Minister of Labor, Adam Stengerwald, told the Reichstag budget committee. In all, he said, 12,000,000 persons are receiving money from the national treasury in one way or another.

## Minard's Drives Away the Headache.

Travels Hour Every Day

Trade statisticians have figured out that, on an average day of the average Berliner's time is consumed riding on omnibuses, street cars or elevated or underground trains. This amounts to 13 full days a year.

Waiter: "Would you like to drink Canada Dry, sir?"

American: "I'd love to, but I'm only here for a week."

There are 3,567,180 letters in the Bible.

## Little Helps For This Week

"That ye love one another."—John xiv. 17.

Give thy heart's best treasures,  
From fair Nature learn;  
Give thy love, and ask not,  
Wait not a return.  
And the more thou spendest  
From thy little store,  
With a double bounty  
God will give thee more.

—Adelaide Anne Procter.

The beautiful law of Christian love, life, and truth is, that the more we give of our own capital the more that capital increases. The widow's cruse of oil and barrel of meal increased as she distributed them; and a Christian's sunshine and happiness, faith and hope, will be invigorated and multiplied in proportion as he tries to make others hopeful, trustful, and happy.—John Cummings.

The use of Miller's Worm Powders insures healthy children so far as the ailments attributable to worms are concerned. A high mortality among children is traceable to worms. These sap the strength of infants so that they are unable to maintain the battle of life and succumb to weakness. This preparation gives promise of health and keeps it.

## Only One Restriction

Inquiry has been made at headquarters of the World's Grain Show, Regina, as to whether or not the number of exhibitors from any one province or state is restricted. There is no restriction whatever to the number of entries in any of the competitive classes except that an exhibitor will be allowed to make not more than one entry in any one class.

Null: "It started out on the theory that the world has an opening for me."

Void: "And you found it?"

Null: "Well rather. I'm in the hole now."

## NOTHING LESS THAN A CRIME

Mr. Cantley, Conservative candidate for Pictou riding, in an address, referred to some length to the Russia or Soviet coal menace and regarded its importation in large quantities as a positive crime, in view of the unemployment which characterizes the Canadian coal trade for a substantial portion of each year. He pointed out what had been done in the United States to shut it out and said that Canada admitted it free duty. When first brought in it was an authentic for domestic use and to some extent it only displaced American coal. Now, in the smaller grades, it is coming in for steam purposes and the coal so brought in comes free of duty and is a keen competitor of the Nova Scotia coals in the St. Lawrence markets. The Russian miners were paid at the rate of about 18 cents a day for their labor.

## COAL SUBVENTION EXTENDED

OTTAWA, June 18.—The Dominion Government will pay 50 cents per ton of the freight rates on all Saskatchewan lignite coal shipped into Manitoba during the next year, according to an order-in-council made public Tuesday by Hon. Charles Stewart, Minister of Interior. Another order-in-council provided the payment by the Government of one-fourth of a cent per ton on all shipments into Manitoba of coal mined in Alberta or in the Crow's Nest Pass district of British Columbia.

The special rates are put into effect from June 1, 1930, to May 31, 1931. They are to apply to all coal used for industrial purposes, but not when the coal is for use on railway locomotives or for domestic fuel.

The order-in-council respecting Alberta and British Columbia coal supercedes another order-in-council passed a week ago which provided assistance of one dollar per ton for coal from the Crow's Nest Pass area and the bituminous areas of Alberta. The new order extends the favor to the whole province of Alberta and the rate is altered.

The submission of Mr. Stewart, set out in the order-in-council affecting Saskatchewan, points out that, in recent years boiler equipment has been designed which renders lignite coals of that province useful for industrial purposes and recommends financial assistance in the matter of freight costs so that this coal may satisfactorily compete with foreign coal in the province of Manitoba.

Officials of the Dominion Fuel Board explained that the 50 cents per ton to be paid by the Government is expected to remove the advantage enjoyed by United States mines over those in Saskatchewan in the way of freight rates. Coal from over the border could be carried to Manitoba cheaply, it was stated, on account of the water route between Lake Erie and the head of the lakes.

In the same way the assistance being given to British Columbia and Alberta coal is expected to remove obstacles to its use in Manitoba.

The Dominion Fuel Board has been charged with the administration of the special rates, and will calculate the amounts the Government will pay the railways in reimbursement for the reduction in the freight rates.

Mr. Stewart is now on his way west, accompanied by E. G. Neate, secretary of the Fuel Board. Mr. Neate will confer with the mine operators regarding the operation of the new provisions.

## WAGES AND BUYING POWER

Economists have always been aware of the relationship of purchasing power to prosperity. It is, however, a matter of more than passing interest to note that the dependence of healthy business conditions on adequate and well distributed purchasing power is more and more being recognized by certain of the more influential industrial leaders in the United States.

The first thing Mr. Henry Ford announced following his meeting with President Hoover last Fall to devise means of averting possible business crisis, was that he intended to raise wages in his factories. He laid it down that the primary need, if recovery and advance were to be attained, was an increase in the purchasing power of the American people. He said:

"Another reason (for market crash) is that American production had come to equal and even surpass, at our own people's power to consume, but their power to purchase. This is not the same thing as the over-production of goods. It is under supply of purchasing power. Over production can never occur until every need is supplied, but the first need is the need of money. Money is the people's hand represents purchasing power."

"In this country the purchasing power of the people has been practically used up and still they have not been able to buy all that they must have. I, therefore, suggest the need of increasing the purchasing power of our principal customers, the American people."

It is also worth while to draw attention to the announced policy of the Rocky Mountain Fuel Company, of Colorado, which was to maintain wages as high as the company's finances would permit. And it is illustrated in graphic fashion just how important wage fluctuations are in relation to purchasing power. If the wages of the 100,000 employees of Colorado were reduced 50c per day for 300 days, the total reduction would be 1,500,000 annually. This is equal to interest at 5% on \$300,000,000, which would immediately go out of circulation in Colorado. Consequently an increase of that amount could be beneficially felt by every important enterprise in the state.

It is rather surprising that some business leaders should still think that the only way in which to meet business depression is by reducing wages. Apparently they cannot see that by doing so they are making things worse.—Ex.

## THE KU KLUX KLAN IN ALBERTA

Is there a Ku Klux Klan in Alberta?

A year ago in Saskatchewan this secret organization, which sets itself above the law, played a great part in a general election in that Province.

Today it is rearing its head in Alberta, just at a time when general elections in both the Provincial and Federal fields are in progress.

The other day, C. B. Halpin, Jr., editor of the Western Globe at Lacombe, where a tar-and-feather episode took place some days ago, received the following letter signed "The local secretary, K.K.K.":

"C. B. Halpin and Sons, attention: Your editorial references to the Ku Klux Klan in the latest edition of your paper are exceedingly displeasing to the members of the K.K.K. in this and other districts."

"The K.K.K. is here to stay. We have a mission to perform and an objective to attain in this and other towns of Alberta. The K.K.K. insists on a high standard of morality and integrity in our land. We are both patriotic and decent, both of which virtues your newspaper article refuses to attribute to us."

"Ours is an inviolable empire, our laws are unwritten, but our justice is meted out swiftly and surely without fear or favor to those who dare offend against the unwritten laws of our Invisible Empire. The disfavor

## BLAIRMORE UNITED CHURCH

Rev. J. W. Smith, B.D., Pastor

Serve the church that the church may serve you.

Sundays, June 22nd, the pastor in charge.

11 a.m.—SENIOR SCHOOL for Young People over 12.

2 p.m.—JUNIOR SCHOOL for Children under 12.

7.30 p.m.—PUBLIC WORSHIP.

The sermon I would preach if I knew it to be my last.

Next Sunday, June 29, Rev. Charles Endicott, D.D., will preach in Blairmore at 7.30 p.m.

CAMP—Girls, July 3rd to 12th. Boys, July 14th to 21st.

VACATION SCHOOL, July 21st to August 1st.

## ST. LUKE'S, BLAIRMORE

Services as follows:

Sunday, June 22, at 11.15 a.m.

Sunday, June 29—Holy Communion at 11.15 a.m.

A farewell social to Rev. Mr. and Mrs. Currie in the Masonic Hall at 8.30 p.m. on Wednesday next, June the 25th.

## HILLCREST UNITED CHURCH

11 a.m.—Church School.

3 p.m., Public Worship—Mr. Smith will preach his farewell sermon to the Hillcrest Congregation.

Dr. Charles Endicott will preach at 8 p.m., Sunday, June 29th.

of the K.K.K. may be incurred in various ways. The recent victim of our law enforcement squad offended in one way. You offending in another way. Through your meddlesome tactics you have brought suspicion upon innocent men. That is a grave offence in our sight. The members of the K.K.K. take responsibility for their own acts; they have no wish to have responsibility of their members borne by outsiders of our empire, and they are deprived of that protection that K.K.K. members can alone give. In this respect you have worked a grave injustice on these men.

"The next issue of your paper will be watched with exceeding interest, and your utterances closely checked by an emissary of the K.K.K. now in Lacombe for that purpose. We will bear no more defamatory conduct on your part toward the K.K.K."

"If your present conduct is persisted in you will be severely punished thereafter. Your place of business and residence will be burned to the ground. You will be glad to leave Lacombe before the K.K.K. is through with you if any further slanderous statements are indulged in."

(Signed) "The Secretary, Local Ku Klux Klan."

We hope Premier Brownlee and Attorney-General Lymburn have taken note of this threat against the press of the Province, and against the liberty of the public generally. We have laws in Alberta and we have the machinery to enforce them without allowing the "invisible knights" of the nightshirt to take that task out of the hands of properly constituted authorities.—Lethbridge Herald.

Shocked! Old Lady: "And on the way up here we passed about twenty-five people in parked cars."

Young Hostess: "Oh, I'm sure you're mistaken. It must have been an even number."

Policeman (to motorist who nearly collided): "Don't you know you should always give half the road to a woman driver?"

Motorist: "I always do, when I find out which half of the road she wants."

## LET US BE CLANNISH

Daily, even outside the larger centres, we have evidence of the great unemployment prevailing in Alberta. While as individuals, we feel no responsibility for these saddening conditions, yet there is one way at least in which we might improve matters. We might confine our purchasing, whenever possible, to Alberta-made goods. If only a portion of us followed this practice, the heavy pall of unemployment would then be in a position to employ more help. If all of us steadfastly pursued the policy of asking first for Alberta goods, the heavy pall of unemployment would disappear, and steadily more workers would be absorbed into industrial life.

Many of the Alberta factories confine their staff to all Canadian help. Possibly all may follow this practice. If one Canadian can lift a hand to help another Canadian he should do so. If one Albertan can relieve the burden for another Albertan he should do so. Our most flagrant weakness as a people is that we are not sufficiently loyal to each other, neither to our town, our province nor our dominion. And economic conditions have reached a point where we must be loyal if our own are to survive.

There is a responsibility on the merchant also to push proven-made goods wherever possible. He can do so conscientiously, as our own products compare most favorably with others. Some are well established concerns. Some are struggling for existence.

With a creditable product for sale, manufacturers should be able to rely on the support of their own, but are they? The greater the wage earning public in Alberta, the greater the demand for every kind of product. And we all have something to sell. We have it in our own hands to enlarge our own market, by patronizing each other.

On the shelves of High River merchants are countless varieties of made-in-Alberta goods. Just one example, very insignificant in itself, but quite surprising—a Worcester sauce made in Innisfail, Alberta, a very good sauce, too. Even an infant industry in some other little town, employing a few hands, is well worth encouraging.

Factories, factories, little and big in all parts of Alberta, supplying so many unexpected articles. What do we do to promote them? Let us develop a loyalty towards them. We must.—High River Times.

There's a man down Pittsburg way who came to life more than five hours after he had been declared dead. The same thing frequently happens in politics, but after a much longer lapse.

## When You Heed the Call Of The Gypsy Trails

the finest beverage that you can take along is

**CALGARY  
DRY  
GINGER ALE**

Straight or blended you will surely enjoy its smoother flavor, its finer taste. Here is a beverage so pure—a flavor so superior—that the keenest connoisseurs of France awarded it the Medal of Honor and the Grand Prix at the 1929 Exposition Nationale, Limoges. On the gypsy trails you too will find it more refreshing—there's a special carton for you to take.

## Here and There

(495) Speaking on Canada's stake in the Pacific before the Montreal Canadian Club recently, Hon. Newton W. Howells, vice-chairman of the Canadian Institute of International Affairs, took occasion to compliment Canadian Pacific Steamships on their work on that ocean. He said: "There are many lines of steamers plying from North America to the Orient and one of the best is still the Canadian Pacific Steamships; there is no other freight and passenger service on the Pacific that to-day is equal to that of the Canadian Pacific Company. We owe a great deal to that institution in developing trade."

Visiting sportsmen coming to New Brunswick for hunting and fishing have almost doubled in the past five years, according to figures given out by Hon. O. H. Prince, Deputy Minister of Lands and Mines of the province.

Additional air mail service was inaugurated between Winnipeg, Calgary and Edmonton early in March by the Canadian Post Office Department, leaving only the Rocky Mountains and the Pacific Coast and from western Ontario to Winnipeg unserved by air mail. It is expected that at least a portion of this territory will be linked during the coming summer.

Preparations are being made for taking another decennial census in Canada which is due in 1931. The census will give employment to 15,000 persons. It was first taken in 1871 and has been taken every ten years since then.

M. M. Robinson, chairman of the committee of management of the British Empire Games, to be held at Hamilton next August, is already assured the success of the meeting. Interviewed aboard S.S. Montserrat recently, he stated that not only was he sure that there would be 200 British athletes at the games, but that the meet would be the biggest of its kind Canada had ever known.

"One of the objects of the visit of the English public school headmasters party, due to arrive at Saint John aboard S.S. Duchess of Bedford, April 5, is to improve the teaching of Canadian history in Great Britain," says Kenneth Lindsay, who is travelling ahead of the party. It will consist of 15 headmasters and they will visit nine Canadian universities from the Maritimes to British Columbia.

Accepting regular radio programmes made outside the United States for the first time, National Broadcasting Company of New York has come to an agreement with the Canadian Pacific Railway under which the latter will supply W.F.Z. and associated stations in the richest and most thickly populated sections of the United States, with programmes of Canadian Pacific "cheerful and good" music. These will be broadcast Sunday evenings from 9:15 to 9:45, Eastern standard time, commencing April 6. A second series will be broadcast by the American company from its stations consisting of Royal York Hotel orchestra dance music every Wednesday midnight, Eastern standard time, commencing April 3.

It is said that President Hoover is so dry he squeaks.

## Here and There

(496) Running well ahead of schedule steel work on the 21-story addition to the Empress Hotel at Montreal, the Royal York, additional construction is being rapidly pushed forward and the six-story new wing is nearly finished. All steel work is expected to be finished early in February and everything will be completed by June 1st, when there will be a total of 1,181 guest rooms at this palatial Toronto hotel.

Hitting a 90-mile an hour clip, a special Canadian Pacific train, recently carried two-and-a-half-year-old Delphi Morin, who was thought to be dying of intestinal influenza, from Sudbury to Toronto, for a blood transfusion in the Toronto Western Hospital. Leaving at 1:55 the train reached destination at 5:45, all traffic having been held aside for the special. At 8 the operation was performed and half an hour later the boy was smiling at his friends. He is now well on his way to recovery.

Fighting against Atlantic winter gales the cable ship John W. Mackay has just successfully completed repairs to the sea in effecting repairs to the high speed cable of the Commercial Cable Company over which much of Canadian Pacific cable business is carried to Europe. The cable was smashed in the storm, raising the cable from a depth of 25 miles and at a point 80 miles from the western end of the break being part of the job to be done.

"Canary Kornyske Alcantara" a five-year-old Holstein Friesian cow, which a year ago claimed the world's championship as a butter-fat producer with 26,396 pounds of milk containing 1,080 pounds of butter-fat in 305 days, has beaten her own record. Following her 1928 record this famous cow was the great honour of a butter-maker in Moose Jaw. The latest record for "Canary Kornyske Alcantara" is 20,803 pounds of milk with 1,338.35 pounds of butter-fat.

Honey to the amount of \$5,181 pounds was produced in Nova Scotia in 1928, according to official figures, and the 1929 output will likely be much larger as the summer season of that year was much more favorable, says Philip Bishop, of Greenwich (Port William), the largest bee-keeper in Nova Scotia.

Within four to five years thousands of farmers throughout the province of Saskatchewan will have the benefit of all-weather roads running in all directions. The provincial government plans to spend \$5,000,000 annually during the next few years on the construction of six main highways, all-weather surfaced.

Notwithstanding the growing popularity of the motor car and the motor power in general, the horse is evidently not going into the discard as rapidly as some people are inclined to believe. A latest official estimate of number of farm horses in Canada as in June, 1929, is placed at 2,375,487. In 1919 the number was 3,667,329, a difference of only 230,852.

About 50,000 tons of hay have recently been exported from Eastern Ontario and Quebec to buyers in the British Isles. The 1929 exports of hay from Canada are greatly in excess of those of 1928.

## Here and There

(497) The total value of the principal field crops of Canada for 1929 is estimated at \$385,385,000, or \$49,000,000 less than in 1928.

Construction of the new steamer for the service between Saint John and Dieby on the Bay of Fundy is well advanced and it is hoped to have it in operation by next August. Grant Hall, senior vice-president of the Canadian Pacific Railway, announced recently on a visit to the New Brunswick city.

Indicating western Canada's importance in the livestock world, 20 head of registered Aberdeen Angus cattle from Glencairn Farm, famous breeding establishment operated near Brandon by Hon. J. D. McGregor, Lieutenant-Governor of the province, recently arrived at Vancouver by Canadian Pacific Railway for shipment to Australia and New Zealand.

Designed to furnish the immense tractive effort of \$3,200 pounds, a new locomotive, first of its kind on this continent, to be operated on a high steam pressure principle, will be immediately placed under construction at the Angus Shops of the Canadian Pacific Railway. It will be one of the most powerful in the world and will supercede the 5000 engine of the railway as the most powerful in the British Empire. Locomotive and tender will weigh 764,000 lbs. or 14,000 lbs. heavier than the 5000 engine and 120,000 lbs. heavier than the 2800 locomotive.

How one \$14,000,000 equipment contract given by the Canadian Pacific Railway to the National Steel Car, of Hamilton, during 1929, resulted in 122 business houses, located in four Canadian provinces, securing valuable supply orders and how this far-flung distribution of the company's contract provided steady work and wages for skilled mechanics and large office staffs over a period of months has been revealed by a study of statistics at the National Steel Car Co. and Canadian Pacific Railway.

T. A. Murphy, M.P. of Toronto, was a passenger on S.S. Montrose recently from Saint John. As an official of the Amateur Athletic Union of Canada, Mr. Murphy is on his way to Great Britain to make arrangements for the British Empire games at Hamilton next August, at which every part of the Empire will be represented by brilliant athletes.

What is regarded as one of the largest real estate transactions on record was made recently when the Canadian Government reached agreements with the Provincial Governments of Manitoba and Alberta, for the transfer to those provinces of their natural resources. These include large areas of land, forests, water, powers, fisheries, mines, oilfields, etc., and represent a value in excess of a billion dollars. The agreement will be ratified by Parliament at its next session, early this year.

The Wilder Silver Medal, one of the highest awards made by the American Pomological Society, has been given to W. T. Macoun, Dominion Horticulturist, for his work in breeding new varieties in apples and for his contribution to horticulture generally. Mr. Macoun has occupied the position of Dominion Horticulturist at the Canadian Government Experimental Farm at Ottawa for the past 41 years.

## Here and There

(497) In connection with "The Prevention Week," observed throughout Canada and the United States between October 6 and October 13, a special telegraphic message has been sent over the entire Canadian Pacific Railway system by Grant Hall, senior vice-president of the Company, urging all officers and employees of the railway to co-operate by setting a good example of fire and the removal of their causes. This has been followed up by a circular letter setting forth in detail how these objects may be accomplished.

"If the English people were well advised they would not be at all loath to invest in Canada," stated Sir William Plender, president of the Institute of Chartered Accountants of England and Wales, a passenger on the Empress of Scotland, after attending the international congress of accountants recently held in New York. "One of the best sources of obtaining British capital is Canada, a country in which Canadian capital is also invested and the people connected with them of high repute and standing," he added.

Undertaken as a nation-wide movement for the promotion of British and Canadian music and to give Canadians an opportunity of hearing the music which is their legitimate heritage, the unique British and Canadian concert series sponsored by the music department of the Canadian Pacific Railway will, it is announced, be under the distinguished patronage of His Excellency, Viscount Willingdon, Governor-General of Canada. Six Canadian centres—Victoria, Vancouver, Calgary, Regina, Winnipeg and Toronto—have been selected for the first season's recitals and 14 artists in all will provide the programmes which are to continue at intervals during the fall and winter.

Definite steps to control the traffic in deer and moose hides which have reached large proportions, have been taken by Chief Game Warden H. H. Ritchie, of the New Brunswick Department of Lands and Mines. Last year 7,000 deer hides and about 700 moose hides were exported from New Brunswick largely to close manufacturers in Quebec and Ontario and the states of Maine and New Hampshire. The same steps must now be applied to dead animals before transportation becomes legal.

Reports are appearing in the British press that the Prince of Wales stands to be a fortunate owner of oil production in his High River ranch. Some reports have estimated the possible profit as high as \$5,000,000. This is recorded in the west as sheer guess work, although the Prince's Valley ranch, practically adjoins the Prince's ranch has developed oil on a large scale. Meanwhile there are no wells being drilled on the ranch though the work is in progress about a mile away.

The prairies are usually associated with wheat and cattle but they are also important sources of some of the most valuable minerals. In the case of the continent is in Manitoba and great bodies of fresh water in the west are also found. In one day's work in the prairie of white and black sand were obtained from the prairie of Minneapolis, Chicago and New York.

## MOTOR MAGNATE WILL ENDOW RESEARCH BODY LAVISHLY

DETROIT, Mich., June 5.—The following despatch from its staff correspondent at Washington has been issued:

"Henry Ford plans to turn all his industrial interests over to his son Edsel, and then to devote the rest of his life to the improvement of living conditions in this country with an endowment of \$100,000,000 to an economic research institution. He also hopes to give his own service to the endowment."

"Announcement of his plan was made today by the motor magnate in the course of a conference with James J. Davis, secretary of labor, reports stated."

"Ford was a guest at the White House last night. Prior to his arrival at the executive mansion with Mrs. Ford and his secretary, he spent four hours with Davis, during which all phases of existing depression and employment and labor conditions were discussed."

"The transfer of the business will be begun at once, the motor manufacturer said. Ford assured the secretary that he was tired of active participation in the motor industry and that he was eager to let his son assume the burden as soon as possible."

Born on Wednesday morning, June the 18th, to Mr. and Mrs. Alex. May, a son.

## A Golf Course in the Clouds

545

Half a mile above sea-level and ringed by mountains rising another mile into the air, the 18-hole golf course of the Banff Springs Hotel in the Canadian Rockies is probably unique among the world's outstanding links. Its hazards are unparalleled and as an example there is the drive from the first tee over the foaming waters of the Spray River, shown in above lay-out. The golf club house is a very picturesque building in architectural

keeps with the baronial pile of the nearby hotel, a glimpse of which is shown against the background of mountains on the right. The course which has just been opened, presented enormous difficulties in making, but these were all successfully overcome and the result was a perfect gem and one of the most beautiful and luxurious hotels on the continent are now at the disposal of guests.

## 1930 Prize List

Bellevue and District Horticultural,  
Industrial and Poultry Society.

## Exhibition, Labor Day, Sept. 1

## RULES

## SOCIETY RULES

1. That this Society be called The Bellevue and District Horticultural, Industrial and Poultry Society.
2. That the yearly subscription be \$2.00 per member and such levies that may be necessary to successfully carry on the Society. All members and Donors are entitled to One Free Admission Ticket to the Show.
3. That the General Meetings of the Society be held on the first Tuesday of each month, and that notices be posted as to time and place of meeting.
4. That the Board of Directors shall consist of four teen members and the President and Secretary-Treasurer of the Society.
5. That a quorum shall consist of five members and two officials.
6. When an executive meeting is to be called, notice of same to be posted at least three days before the date of meeting.
7. That the amended rules shall govern all Exhibitions and Competitions.

## EXHIBITION RULES

1. The entrance fee shall be 10c per exhibit in each class except Classes No. 1, 2 and 82, which shall be 50c per exhibit.
2. All entries to be made in writing to the Secretary of the Society on or before 6 p.m. on the Saturday preceding show day. All members will have deducted their membership fee for the ensuing year.
3. No prizes shall be awarded unless there is one more entry than prizes.
4. All exhibits must be in place by 9 a.m. on the day of exhibition and exhibit will be allowed to be removed from the exhibition hall before 6 p.m.
5. Exhibits must be the property of the exhibitor. Produce must be grown by the exhibitor. Home grown fruits and vegetables for preserves, canned goods, etc. must be made in the establishment of the person exhibiting and classed by themselves.
6. Imported fruits and vegetables for preserves, canned goods, etc. must be made in the establishment of the person exhibiting and classed by themselves.
7. All vegetables must be clean, sound and properly prepared for exhibition. The Society reserves the right to prepare acceptance of any entry, but will state reason for doing so.
8. All varieties of vegetables must be correctly, neatly and legibly named. Failure to do this renders exhibit liable to disqualification.
9. On the entry of each exhibit a card will be furnished the exhibitor, specifying class, definition and number of entry, which card must remain attached to the exhibit during the exhibition.
10. The Society officers in charge will direct the placing of all exhibits and exhibitors must strictly obey the instructions given by such officers. The Society is responsible for having entries in each class staged together.
11. Exhibits shall not in any way be allowed to carry marks that may identify their ownership.
12. No person shall act as judge in any class in which he exhibits or in any class in which he is interested for his own benefit. Judges shall be chosen by the Society in writing, properly signed, to the Secretary before leaving the grounds. Each judge shall ascertain from the Secretary whether there are any points against any of his awards, in order that he may duly present to the Board his reasons for the award.
13. All protests must be lodged with the Secretary in writing within four hours after awards have been announced. The decision of the Directors in all matters designated under these rules shall be final. A deposit equal to the value of the first prize of exhibits under protest is required. All deposits to be refunded if the protest is sustained.
14. In addition to the premiums offered in the prize list, the Judge may recommend additional premiums that they may consider worthy and the Board of Directors will then determine whether such premiums shall be awarded and the amount of same. Judges may also disqualify such exhibits as they consider deserving of notice, but have not received any prize, by marking the word "Highly Commended" or "Commended".
15. In the absence of competition in any section, or if the article exhibited be of inferior quality, the Judges shall have power to award only such premiums as they consider merited. The Judges shall have power to decide as to whether they shall award 1st, 2nd or 3rd, or no premium.
16. Growers are heartily invited to exhibit such productions not specially mentioned in the prize list, but which are likely to be of interest as novelties or for any other cause. The Society does not undertake to vote awards for such exhibits, but in some cases where the exhibits are recommended for awards by the Judges, the Directors may grant extra awards of such amounts as they decide.
17. Any person who will attempt to interfere with or influence the Judges in the discharge of their duties, or who shall at any time on the premises of the Society, use any contemptuous or abusive language to any Judge; or consequence of any award made by him, shall forfeit his right to any and all premiums to which he might otherwise be entitled, and may be excluded from exhibiting for one year thereafter. Judges are particularly requested to immediately report any breach of this rule.
18. Upon the discovery of any fraud, deception or dishonest practice, either in preparation, ownership, or of any misrepresentation concerning any article or exhibit, which may have been intended to affect the decision of the Judges, the Board of Directors have power to withhold payment of any and all prizes awarded, and may prohibit any such party or parties from exhibiting for one or more years, and may also publish the name or names of such party or parties, or not, as may be deemed most expedient.
19. The Board of Directors will use every precaution in their power for the safe preservation of articles on exhibition, but will not be responsible for loss or damage. Exhibitors must give attention to their own articles during the fair and at the close of the exhibition attend to their removal.
20. Should there not be sufficient funds on hand to pay prizes in full, all prizes will be paid for pro rata.
21. Any person handling exhibits or moving tickets after having been placed there by the Judges shall be liable to prosecution.
22. All prize money for exhibits will be paid by the Secretary only, within two weeks after the exhibition.
23. Exhibition closes at 6:00 p.m., and all exhibitors will be admitted by tag.

## LIST OF CLASSES

## VARIETY

1. Best Garden Display of Vegetables, area 50 square feet. First prize \$15.00, second prize \$10.00, third prize \$5.00.
2. Best Collection of Vegetables, two of each variety, not less than 8 and not more than 16 varieties. (No corn or vegetable fruits to be shown in this class). First prize \$10.00, second prize \$5.00, third prize \$3.00.
3. Potatoes, 6 Round White.
4. Potatoes, 6 Round Colored (no Lord Aldale).
5. Potatoes, 6 Kidney White (no Netted Gem).
6. Potatoes, 6 Kidney Colored (no Lord Aldale).
7. Collection of Potatoes, 6 Round White, 6 Round Red, 6 Kidney White, 6 Kidney Red. First prize donated by Smith Market Co., ham valued at \$5.00.
8. Any other Variety of Potatoes, 6.
9. Best Marketable Potatoes, 6, any variety, 1st prize, value \$5.00, donated by Johnson & Cousens, second prize \$1.50, third prize \$1.00.
10. Cauliflower, 2 heads. First prize \$4.00, second prize \$1.50, third prize \$1.00.
11. Broccoli, 2 heads.
12. Conical Cabbage, 2 heads. First prize \$3.00, second prize \$2.00, third prize \$1.00.
13. Flat Cabbage, 2 heads.
14. Round Cabbage, 2 heads. First prize \$3.00, second prize \$2.00, third prize \$1.00.
15. Savoy Cabbage, 2 heads.
16. Red Cabbage, 2 heads. First prize \$5.00, second prize \$1.50, third prize \$1.00.
17. Curly Kale, 2 heads.
18. Kohl Rabi, white, 3, trimmed. First prize \$3.00.
19. Kohl Rabi, blue, 3, trimmed. First prize \$3.00.
20. Turnip, ewe, trimmed, 3. First prize \$3.00.
21. Turnip, white, trimmed, 3.
22. Turnip, yellow, trimmed, 3.
23. Carrots, long, 6. First prize \$5.00, second prize \$1.50, third prize \$1.00.
24. Carrots, short, 6. First prize \$4.00, second prize \$1.50, third prize \$1.00.
25. Carrots, intermediate, 6. First prize \$3.00, second prize \$2.00, third prize \$1.00.
26. Leeks, 6. First prize \$3.00, second prize \$1.50, third prize \$1.00.
27. Onions, 6, from sets.
28. Onions, 6, white, from seed, grown in 1930.
29. Onions, 6, yellow, from seed, grown in 1930.
30. Onions, 6, red, from seed, grown in 1930.
31. Onions, 6, any color, from preceding year.
32. Shallots, 12.
33. Multipliers, 12.
34. Pickling Onions, one pound, peeled, grown in 1930.
35. Beets, long, 3. First prize \$4.00, second prize \$1.50, third prize \$1.00.
36. Beets, any other variety, 3. First prize \$4.00, second prize \$1.50, third prize \$1.00.
37. Parsnips, 6. First prize \$5.00, second prize \$1.50, third prize \$1.00.
38. Salsify, 6.
39. Radish, 6, any variety.
40. Celery, white, 2 heads. First prize \$4.00, second prize \$1.50, third prize \$1.00.
41. Celery, red, 2 heads. First prize \$3.00, second prize \$1.50, third prize \$1.00.
42. Lettuce, curled, 2 heads.
43. Lettuce, cabbage, 2 heads.
44. Collection of Peas in pod, 12. First prize \$3.00, second prize \$2.00, third prize \$1.00.
45. Long Pods Broad Beans, 12. First prize \$4.00, second prize \$1.50, third prize \$1.00.
46. Broad Beans, 12.
47. Pods Dwarf Beans, 12. First prize \$3.00, second prize \$2.00, third prize \$1.00.
48. Pods Runner Beans, 12. First prize \$3.00, second prize \$1.50, third prize \$1.00.
49. Pods Broad Windsor Beans, 12.
50. Frame Cucumbers, 2. First prize \$3.00, second prize \$2.00, third prize \$1.00.
51. Ridge Cucumbers, 2.
52. Rhubarb, 6 stalks, trimmed. First prize \$3.00.
53. Swiss Chard, 2 heads.
54. Vegetable Marrow, white, 2.
55. Vegetable Marrow, green, 2.
56. Pumpkin, 1.
57. Sweet Corn, 6 cobs. First prize \$3.00.
58. Root of Parsley, 2.
59. Angel Wortzel, 3.
60. Collection of Herbs, not less than four varieties and not more than eight.
61. Peppers, 2 plants.
62. Egg plants, 2.
63. Tomatoes, red, 6. First prize \$5.00, second prize \$1.50, third prize \$1.00.
64. Tomatoes, yellow, 6. First prize \$4.00, second prize \$1.50, third prize \$1.00.
65. Tomatoes, green, 6, outside grown. First prize \$3.00.
66. Tomatoes, 6, any variety.
67. First of Peas, shelled. First prize \$3.00, second prize \$2.00, third prize \$1.00.
68. Squash, Hubbard, 2.
69. Squash, 2, any other variety.
70. Citron, 2.
71. Melon, 2, any variety.
72. Any other variety of vegetable.
73. Any other variety of vegetable fruit.
74. Strawberries, 12.
75. Any other variety of fruit.
76. Heads of Wheat, 12.
77. Heads of Barley, 12.
78. Heads of Oats, 12.
79. Heads of Flax, 12.
80. Heads of Grasses, 12, distinct varieties. Exhibits must be shown with full length of straw and tied in a bunch.
81. Root of Alfalfa, 2.
82. Best artistic display of Garden Flowers, area 40 square feet. First prize \$15.00, second prize \$10.00, third prize \$5.00.
83. Best bouquet of Garden Flowers, any size. First prize \$3.00, second prize \$1.50, third prize \$1.00.
84. Best arranged bouquet of Garden Flowers. First prize \$5.00, second prize \$1.50, third prize \$1.00.
85. Asters, 6, any color. First prize \$3.00.
86. Asters, 12, not less than four colors and 3 of each. First prize \$5.00 value, donated by Franche Bros. Ltd.
87. Best collection of Pansies, any variety, 12 blooms.
88. Pansies, 6, any one color.
89. French Marigolds, 4. First prize \$3.00, second prize \$2.00, third prize \$1.00.
90. African Marigolds, 4, lemon color.
91. African Marigolds, 4, orange color. First prize \$3.00.
92. Carnations, 6. First prize \$3.00.
93. Dahlias, 4, distinct colors, any variety. First prize \$3.00.
94. Dahlias Show, 4 First prize \$5.00.
95. Dahlias Pompons, 4. First prize \$5.00 value, donated by The Western Nurseries Ltd., Brooks.

96. Dahlias, Cactus, 4. First prize \$5.00.
97. Dahlias, Decorative, 4. First prize \$5.00.
98. Dahlias, four distinct varieties, one of each. First prize, cup and \$5.00, second prize \$3.00, third prize \$2.00. Cup to be won three years out of four before being won outright.
99. Dahlias, best one bloom, any variety. First prize \$3.00, second prize \$2.00.
100. Stocks, best 3 plants, roots cut off.
101. Best collection of Stocks. 1 spike of each color. First prize \$3.00, second prize \$2.00.
102. Best six bunches of Sweet Peas, six in each, distinct colors. First prize \$2.50 value, second prize \$1.50 value, donated by Crosland Bros., Duncan, B. C. Club cash prizes in addition to specials.
103. Best bouquet of Sweet Peas, own foliage only, not less than 12 blooms, must be tied. First prize \$5.00.
104. Best arranged bouquet of Sweet Peas, any decorative foliage, not less than 12 blooms, must be tied. First prize \$5.00.
105. Zinnias, 4, distinct colors.
106. Phlox, Drummondii. Best four vases, distinct colors.
107. Phlox, perennial. Best collection.
108. Petunias, double, 4, outside grown.
109. Petunias, single, 4, outside grown. First prize \$3.00, second prize \$2.00, third prize \$1.00.
110. Snapdragons, best 6 spikes, distinct colors. First prize \$3.00.
111. Roses, best 3 blooms.
112. Nasturtiums, 12 blooms.
113. Gladioli, 6. First prize \$5.00.
114. Gladioli, 1 spike. First prize \$3.00, second prize \$2.00, third prize \$1.00.
115. Hollyhocks, 3. First prize \$3.00.
116. Balsam, 3.
117. Salpiglossis, 3 plants, roots cut off. First prize \$3.00.
118. Collection of Annuals, 15 square feet, 6 or not more than 12 varieties. First prize Birks' Cup, second prize \$6.00, donated by B.E.S.L.
119. Perennials. Best Collection, 6 or not more than 12 varieties. First prize \$3.00 value, donated by J. A. Bruce, Hamilton, Ontario. Club cash prizes given in addition.
120. Cockscomb, best 3 plants.
121. Celosia, best 3 plants.
122. Fern, best one plant.
123. Best House Plants, 2, any one variety, not listed.
124. Best Collection of House Plants, not more than four and one of each.
125. Begonia, Flowering, one plant.
126. Geranium, one plant.
127. Plant, one, any other variety.
128. Bouquet of Wild Flowers, school children only. First prize \$2.00, donated by B.E.S.L., second prize \$1.50, third prize \$1.00.

House Plants must be in the exhibitor's possession for at least two months prior to exhibition.

Reader Bank Cup and Medal for most points gained on indoor-grown produce.

Reader Challenge Cup for most points gained in Classes 82 to 118, inclusive.

Bellevue and District Horticultural, Industrial and Poultry Society Cup and Medal for most points gained on outdoor-grown produce.

## INDUSTRIAL SECTION

129. Hand Metal Work.
130. Hand Wood Work.
131. Metal Work and Wood Work Combined.
132. Amateur Photography, local, three views.
133. Arts for School Children.
134. Best set of Art in grade VIII. First prize Cup and Silver Medal, each valued at \$5.00, donated by W. J. Harris, second prize \$1.50, third prize \$1.00.
135. Best Books of Art in grades VII, IX, X, three prizes in each grade. First prize \$1.50, second prize \$1.00, third prize \$0.50, donated by Bellevue Branch of the B.E.S.L.

## POULTRY SECTION

136. Best Pen of any variety, to consist of one male and two females, any age of one variety. First prize \$5.00, second prize \$3.00, third prize \$2.00. In addition to the cash prize, the winner will hold the miniature Cup that goes with it.
137. Plymouth Rock, Dark, Barred, Best Male.
138. Plymouth Rock, Dark, Barred, Best Hen.
139. Plymouth Rock, Light, Barred, Best Male.
140. Plymouth Rock, Light, Barred, Best Hen.
141. Plymouth Rock, Barred, Light or Dark, Best Cock or Hen. First prize \$3.00.
142. First prize \$3.00, donated by Mr. R. Glover, Bellevue.
143. Rhode Island Red, Rose comb, Best Male.
144. Rhode Island Red, Rose comb, Best Hen.
145. Rhode Island Red, Single comb, Best Male.
146. Rhode Island Red, Single comb, Best Hen.
147. Rhode Island Red, Single comb, Best Cock or Hen.
148. Rhode Island Red, Best Pullet, Rose or Single comb.
149. White Wyandotte, Best Male.
150. White Wyandotte, Best Hen.
151. White Wyandotte, Best Cockerel.
152. White Wyandotte, Best Pullet. First prize \$3.00.
153. White Leghorn, Best Cock, single comb.
154. White Leghorn, Best Hen, single comb.
155. White Leghorn, Best Cockerel, single comb. First prize \$3.00.
156. White Leghorn, Best Pullet, single comb. First prize \$3.00, second prize \$2.00, third prize \$1.00.
157. Black Minorca, Best Male, rose or single comb.
158. Black Minorca, Best Hen, rose or single comb.
159. Black Minorca, Best Cockerel, rose or single comb.
160. Black Minorca, Best Pullet, rose or single comb.
161. Turkey, Male.
162. Turkey, Hen.
163. Cockerel, any other variety.
164. Pullet, any other variety.
165. Best Utility Cock, any variety.
166. Best Utility Hen, any variety.
167. Bantams, Best pair, any variety.
168. Pigeons, Best pair, any variety.
169. Canary, Best, any variety.
170. Rabbit, Buck, any variety.
171. Rabbit, Doe, any variety.

A Special Prize of 100-lb sack of Burns' Ideal Poultry Food for the best male bird in the show, donated by Burns & Co., Limited.

A Special Prize of \$3.00, for the best Cockerel in the show, donated by Mr. R. Glover, Bellevue.

A Special Prize of \$3.00, for the best Hen in the show, donated by Mr. D. Richards, Hillcrest.

Poultry entries 75c per pen; other entries 25c per bird. Pair of Bantams or pair of Pigeons 25c. Rabbits 50c each. Pigeons: First \$2.00, second \$1.50, third \$1.00 except where otherwise mentioned.

Entries for Poultry Section to be in by August 27

## LADIES' SECTION

172. Plain Hand Sewing, any one piece and not less than three of the following stitches: hemming, running, stitching, button-hole, gathering; white cotton, unbleached.
173. Hand-Made Rug.

175. One Piece All-White Embroidery Work.
176. One Piece All-White Roman Cut Work.
177. Embroidery Work on Silk.
178. Collection of Fancy Articles, not more than 6, not less than 3 varieties (not sets). First prize donated by Mr. J. A. Barbour, \$5.00 value.
179. One Embroidery Lunch Set, five or seven pieces. First prize donated by Johnson & Cousens, \$5.00 value.
180. One Piece of Colored Embroidery Work on White Linen. First prize donated by T. Eaton Co., \$5.00 value.
181. One Piece of Colored Embroidery Work on Colored Linen. First prize donated by Mr. J. A. Barbour, \$5.00 value.
182. One Piece of Applique.
183. One Pair of Towels.
184. An article of Crocheted Work. Special prize donated by Mr. C. Emmerson, value \$5.00.
185. One Piece of Tatted Work.
186. Hand-Embroidered Cushion. Special prize donated by Johnson & Cousens, value \$5.00.
187. One Pair of Pillow Cases (no applique work). Special prize donated by Mr. C. Emmerson, value \$5.00.
188. Best Piece of Fancy Knitting.
189. Best Patchwork Quilt.
190. Any Piece of Work done by any patent needle.
191. Plain Knitted Sweater, made of wool, solid colors.
192. Fancy Knitted Sweater, silk.
193. One-Piece Handkerchief.
194. One Dozen Eggs, brown.
195. One Dozen Eggs, white.
196. Best Dressed Egg.
197. Best Pound of Butter.
198. Offered by Robin Hood Mills, Limited, for the Best Loaf of Bread baked by non-professional from Robin Hood Flour. First prize, one 98-lb sack Robin Hood Flour; second prize, one 49-lb sack Robin Hood Flour. Dealer's sale slip, showing purchase of not less than one 49-lb sack of Robin Hood Flour within three weeks of date of contest, to be attached to exhibit.
199. Best Home-Made Loaf of Bread.
200. Offered by Western Canada Flour Mills, Limited, for the Best Loaf of Bread baked by non-professional from Purity Flour. First prize one 98-lb sack of Purity Flour. Each exhibitor must show a sales slip showing the purchase of at least 49 lbs of Purity Flour within three weeks prior to the date of the exhibition.
201. Apple Pie, flake or plain crust.
202. Scotch Scones, 2.
203. Fruit Cake, light, undecorated, no cherries.
204. Fruit Cake, dark, undecorated, no cherries. First prize donated by Johnson & Cousens, \$5.00 value.
205. Best Layer Cake, 3 layers, decorated.
206. Collection of Cakes, Drop Cakes and Buns, no bread dough to be used, not more than six varieties and two of a kind. No decorations.
207. Collection of Fancy Decorated Cakes, not more than six varieties, two of a kind.
208. Collection of Home-Made Candy, not more than six varieties and two of a kind.
209. Three Quart Jars of Jam, assorted kinds.
210. Three Quart Jars of Fruit, assorted kinds. First prize \$3.00, second prize \$2.00, donated by Mr. S. J. Lane.
211. Three Quart Jars of Vegetable Pickles, assorted kinds.
212. Three Quart Jars of Fruit Pickles, assorted kinds.
213. Canned Vegetables, assorted kinds, 3 quarts.
214. Three Small Glasses or Containers of Jelly, no wax and detachable top.

For most points gained in Ladies' Needlework Section, Classes 172 to 198, inclusive, an Oil Painting, donated by Mr. Vince Mottle.

For most points gained in Culinary Section, Classes 196 to 214, inclusive, first prize donated by Kerr Bros.

## GIRLS-10 TO UNDER 15 YEARS

15. Best Hand-Sewn Dress, gingham or print.
16. Best Hand-Sewn Dress, fancy. First prize \$2.00, second prize \$1.25, third prize 75 cents, donated by the B.E.S.L.
17. Plain Knitted Scarf.

## GIRLS-16 TO UNDER 18 YEARS

218. Best Pair of Embroidered Pillow Cases. First prize \$3.00, second prize \$2.00, donated by Mr. T. Nansen.
219. Best Piece of Embroidery Work, colored linen.
220. Best Piece of Plain Knitting, any kind.

## NOTES FOR EXHIBITORS

Read the Rules carefully and note particularly the requirements of the classes in which you are competing. Care should be taken to see that the exact number of vegetables or blooms called for in the entry, is staged; either one more or less means disqualification.

All exhibits must be staged in their proper classes. For instance, Pigeons entered in error for Dwarf Beans, or Long Pod Beans as Broad Windsor, or vice versa, would be disqualified.

Definition of spike or stem: Spike means without side shoots; Stem means including side shoots.

On arriving at the Show, look for that portion of the bench marked with the number to correspond with the number of the entry which is given on your tag, and place your exhibit.

While it is always advisable to carry a few extra blooms or vegetables to replace any not arriving in good condition, these should be kept apart from your exhibits so that there can be no possibility of an extra one being tagged. These remarks apply equally to the vegetable classes, particularly such as Beans, Peas, Carrots, Parsnips, Onions, Beets, etc. Pack the required number separately before leaving home.

After staging, check off each exhibit before leaving.

Happy people are those who are fundamentally good at heart.

## NOTICE TO CREDITORS AND CLAIMANTS

IN THE ESTATE OF ENRICO JOSEPH POZZI, late of Blairmore in the Province of Alberta, contractor, deceased.

Notice is hereby given that all persons having claims upon the estate of the above named Enrico Joseph Pozzi, who died on the 20th day of February, 1930, are required to file with the undersigned Executrix of the will of said deceased, by the 19th day of July, 1930, a full statement duly verified of their claims and of any securities held by them, and that after that date the Executrix will distribute the assets of the deceased among the parties entitled thereto having regard only to the claims etc., of which notice has been so filed or which have been brought to her knowledge.

Dated at Blairmore, Alberta, this 2nd day of June, 1930.

(MRS.) STELLA POZZI,  
Blairmore, Alberta,  
Executrix.

## ORDER-IN-COUNCIL ON COAL SUBVENTION

Following is a complete copy of the Order-in-Council recently passed, affording a subvention rate of \$1.00 per ton on Alberta and Eastern British Columbia bituminous coal going into Manitoba:

(Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 5th of June, 1930).

The Committee of the Privy Council have had before them a report, dated 31st of May, 1930, from the Minister of Mines, stating that the Government, appreciating the importance of an 'interprovincial' coal movement and the extensions of markets for Canadian coal, and being aware of the fact that the accomplishment of these objects hinges largely on the question of freight rates has on different occasions of late facilitated trial shipments by the granting of financial assistance. These trial shipments have proved to be successful in eastern Canada and have demonstrated to a reasonable extent the possibility of extending the markets for Canadian coals at competitive points in Canada where under the regular railway freight rates Canadian coals cannot compete with coals imported from foreign sources.

There is considerable public demand throughout western Canada for the establishment of a coal movement which would enable western Canadian bituminous coal to compete to a greater extent in the Province of Manitoba with foreign coals.

The Minister, therefore, recommends that assisted movements be instituted of shipment of coal mined 'in the Crow's Nest Pass district of British Columbia, and in certain areas of the Province of Alberta and shipped to points in the Province of Manitoba; that the assistance be granted by the reduction of one-fifth of a cent per ton per mile from the rates in effect at the date hereof, but that the reduction be in no instance greater than \$1.00 per ton, the amount of the said reduction being payable to the railways with a view to protecting them from any loss that may be incurred; and that the following conditions apply to such movements, namely:—

(a) That the temporary rate be applicable to coal only when used for domestic and industrial purposes and not for use on railway locomotives.

(b) That the temporary rate be not applicable to movements of coal to points where in the opinion of the Minister of Mines, Canadian coal already has the advantage in competition with American coal.

(c) That the temporary rate shall apply from June 1st 1930, to May 31st, 1931.

(d) That payments under this authority shall not be granted on contracts made prior to June 1st, 1930.

(e) That the temporary rate shall not be applicable to coals having a moisture content in the raw coal in excess of 12 per cent and a calorific value in the raw coal of less than 11,000 British Thermal Units per pound.

(f) That the Minister of Mines reserves the right of granting approval in each and every application for assistance under this authority.

The Minister further recommends that with a view to protecting the railways from loss, the period of the above mentioned assisted movement payments made under this authority be chargeable to Vote No. 418: "To provide for payments to the railways in connection with the movements of coal."

The Dominion Fuel Board, being charged with this movement, duties connected with this movement, shall report to the Minister of Mines, as to the amount paid the railways during the period of the movement.

The Committee concur in the foregoing recommendations and submit the same for approval.

(Sgd. E. J. Lemaire,

Clerk of the Privy Council.

Coats, was largely instrumental through his influence in bringing about the subvention, which, while not the rate asked for, he hopes will result in the moment of considerable amount of coal from The Pass to Manitoba.

## Local and General Items

Bees may be industrious, but a working bee lives only about six weeks. At the end of that time its wings are frayed and it dies, not of any particular disease, but apparently from sheer exhaustion.

All streams in this district were lined with fishermen on Sunday last, the opening day. It is said that never in the history of the district has so many waltonians been out to celebrate the advent of the fishing season. However, the streams not being back to summer normal, very few good catches were reported and the average man had to be content with the one and two only, sufficient for a fry.

A slight forest fire was started near Lyon Creek, about three miles south of town on Sunday afternoon last, evidently caused by young lads who had been bathing. During the early hours of Monday the high wind fanned the smouldering embers to flames, which rapidly spread. Police and fire rangers were notified and soon had an army of fire fighters, at the scene. Before being got under control, the fire had spread over an area of about eight or ten acres.

The communists throughout the country are very indignant because their comrades in Calgary were not allowed to parade, and were arrested for resisting the police when ordered to disperse. But what would have happened to them if they had tried to put on a demonstration against the government in Russia, which they hold up as a model for the world.

And besides the communists believe in direct action, so when they get direct action they should take their medicine.—Nanton News.

During the week, the erection of "silent policemen" at the Victoria street intersections has been going on and up to time of going to press, four or five are in place. We understand that nine of such ornaments are to be erected, fronting 10th, 9th, 8th, 7th, 6th, 5th, 2nd and 1st Avenues, while the ninth will likely be placed at the 11th avenue intersection. They are formidable in appearance, built of gray concrete, standing about eight feet high, and are to be mounted with frosted lights. Following their installation, the law governing turning and passing at intersections of our main thoroughfare will be rigidly enforced.

The coal subvention of \$1 a ton on coal shipped from Alberta to Manitoba, is expected to be of considerable assistance to mining in this province but is not expected to prove adequate to solve the present unemployment problem among the miners. There is no doubt that natural gas has made a big reduction in the local coal market for domestic consumption, and the hydro-electric has made another reduction in the market for coal for the purpose of generating power. But if every coal miner in Alberta could be put to work tomorrow, enough more would flock in from outside to create another unemployment problem.—Nanton News.

## INSTITUTE PUBLIC LIBRARY

We acknowledge six volumes from Miss Mary Gray, and ten volumes from Rev. Currie, of Coleman. Good books whether fiction or non-fiction, are always acceptable for library purposes. The greatest care is taken that only worthwhile books in good condition are placed on the shelves. A magazine department will be added. This department will necessarily be small at first, but it is hoped to make this one of the most important parts of the library service.

Library hours: Tuesdays and Saturdays from 7 to 9 p.m.

## Local and General Items

Mrs. Dave Oliver has returned from an extended visit with relatives in the U.S.A.

Patron (in a Scotch restaurant): "Waiter, there is a fly in this soup!" Waiter: "Weel, sir, a leetle fly would na' hae eaten much o' it."

George Bond has arrived back at Oakland, California, after a pleasant visit of a few weeks with his parents here. He was accompanied south to Oakland by his younger brother, Maurice.

The Palace theatre at Coleman has been undergoing a thorough renovation and is expected to be ready for re-opening shortly. During the temporary closing, Coleman theatre patrons have attended the theatres at Blairmore and Bellevue.

Joe: "Have you seen one of those instruments which can tell when a man is lying?"

Jim: "Seen one? Why, I married one!"

"My doctor told me I should have to eat less meat."

"Did you laugh h'm to scorn?"

"I did at first, but when he sent in his bill I found I was right."

Her: "I don't know whether to buy a brass or mahogany bed."

Salesman: "Lady, you can't go wrong on a brass bed."

She took a mahogany one.

Teacher: "What's your name, little boy?"

New Pupil: "Sam."

Teacher: "What is the rest of it?"

New Pupil: "Mule."

## VALUABLE LIQUOR

HAUL MADE ABOARD  
SHRINER TRAINS

NIAGARA FALLS, N.Y., June 14.—Railroad trains on which Shriners travelled from the convention held this week in Toronto, Ont., yielded between \$4,000 and \$5,000 worth of choice wines, liquors and cognacs, when they were searched at the border by United States Customs inspectors, T. M. Hennessey, deputy collector in charge of customs at the Falls port said today.

No charges were preferred or fines imposed as the government officials were unable to determine who owned the liquor.

### An Encouragement To Progress

The subject of immigration has for many years been a live topic in Canada, and never more so than during the past year or two. There is, however, this difference, that whereas for many decades the discussion of the subject was largely as to ways and means whereby a large volume of immigration could be secured, in more recent years the thought of our people has rather been directed towards the successful colonization of the new comers.

That is to say, where at one time the main objective was to get immigrants in large numbers to settle upon our vacant lands, the main objective now is to see that those who do come make a real success of their venture, adapt themselves to the new environment in which they find themselves, and by associating themselves with the life and activities of the communities in which they locate, identify themselves with Canada and become Canadian citizens in thought and aspiration as well as in name.

To a greater extent than ever before native-born Canadians, and those of our citizenship who call the British Isles "home," have come to realize and appreciate the fact that immigrants coming to Canada from lands other than those under the British flag or speaking the English language, are really, even keenly, anxious to become Canadians in the full meaning of the term. Appreciation of this fact is helping to break down old barriers of prejudice, and the English-speaking Canadian is becoming more and more anxious to co-operate with and assist his fellow-Canadian or foreign extraction.

In a recent issue of this paper there appeared an article in the news columns outlining a plan originated by the Canadian National Railways, under the direction of Dr. W. J. Black, the directing head of the departments of Agriculture and Colonization of that system, having as its object the encouragement of community progress and development, and the attainment of the fullest possible measure of Canadian citizenship by those rural communities of the three prairie provinces which are of European origin.

The plan is simple, but far-reaching and of tremendous importance. It involves the carrying out of a series of competitions among such communities, to be held annually for a period of five years, with three substantial prizes, of \$1,000, \$500, and \$250 respectively, to be awarded each year in each of the Provinces of Manitoba, Saskatchewan and Alberta on the understanding that the money be utilized in community work of some progressive nature.

In other words, such of these rural municipalities or groups of school districts within municipalities in which the population is made up of people of continental European origin of the first or second generation, which display the greatest interest in co-operation among themselves to promote education, public health, and a better class of agriculture, and show the best results, will be awarded these prizes, which, in turn, are to be used in still further promoting progressive community betterment.

The community which, through the co-operative action of its people shows the best schools, the most regular attendance of pupils, the largest percentage of children going on for secondary or university training, which takes the keenest interest in matters of public health, social welfare, music, arts and handicrafts, which enthusiastically supports community organizations such as agricultural societies, co-operative marketing pools, women's institutes and home makers' clubs, libraries, etc., or which evince the greatest interest and reveal the greatest progress in the improvement of agricultural methods, will be the winners of these substantial prizes.

But the greatest gain to such communities will not be the winning of the prizes, but in the direct and indirect benefits which will accrue to each individual and the community as a whole from the practice of these worthwhile things. The prizes are, after all, but an additional incentive to work for the welfare and advancement of the community which the people therein call "home." The prizes are but a tangible encouragement to excel all other communities in real constructive Canadian citizenship, to demonstrate through a determination to make use of and emphasize the best Canada has to offer in the development of their particular section of the Dominion.

### Death Takes Well Known Railway Official

F. E. Trautman Was C.P.R. Publicity Representative For Many Years

Fred E. Trautman, 66, for almost a score of years publicity representative of the Canadian Pacific Railway in the west, died in Winnipeg recently. He had been operated on as result of a blood poisoning condition and failed to rally.

Mr. Trautman, born in Pennsylvania, worked on newspapers in the eastern United States and at Fort William, Ont., before he came to Winnipeg in 1912 as Canadian Pacific Railway publicity man. In taking the position with the railway under Sir George Bury, he was the first railway press representative in the west.

His territory, through which he

**Corns Quick Relief!**  
**PUTNAM'S Corn Extractor**

W. N. U. 1642

operated since his appointment, extended from Winnipeg to the Pacific coast and included a portion of the western United States.

### Three Delegates From Canada

To Attend Important Celebration In Iceland During July

Premier Mackenzie King stated in the House of Commons that it was thought advisable to have three delegates attend from Canada at the one-thousandth anniversary of the founding of parliament of Iceland. The event was very important in the history of parliamentary institutions and the government had in mind the presentation to Iceland of something of a permanent nature which would be a memorial of the occasion.

### New Use For Diamonds

That precious stone, the white diamond, has left its exclusively white-collar job and put on overalls. A leading optical company has discovered that the jewel, properly mounted, is the best possible cutting tool for finishing small metal parts, cutting literally thousands of pieces with no change in its cutting edge. Aristocracy, whether of genus or of metal, justifies its existence best by giving the most service.

Many good roads are being constructed in Panama.

### Ocean Bed is Changing

Shipping Has Been Endangered By Upheavals In Pacific

Strange things are happening in the murky regions of the ocean bed. In the Pacific the bed has been rising so much that shipping has become endangered. Off the west coast of Nicaragua the charts show an ocean depth of 222 feet, but the figure is now actually 2 feet. Another sounding showed the actual depth to be 51 feet where the chart showed 1,658 feet. Sudden upheavals on the ocean floor recently worked havoc among the telegraph cables; many of the stoutest were snapped like string, including one of the latest, which normally takes five different sets of managers at once in each direction. When a break occurs the cable ship goes out; delicate apparatus aboard shows the break within two yards of the actual spot, and dragging commences. Up comes the cable. A new length is inserted to make the join, and so critical is the actual work of joining the strands inside that the film of grease on a man's hand can actually prevent the join from being effective.

### BRIGHT EYES ROSY CHEEKS

The Birthright Of Every Girl

Dull eyes mean misery and weakness—a sure sign of a bloodless condition. Anemic girls and women have dull, heavy eyes with dark lines underneath. The bright eyed girl or woman is always happy and well.

There is one way to make the eyes bright—to bring the glow of health to pale cheeks—that is to invigorate the body with new blood—rich, red health-giving blood. Dr. Williams' Pink Pills will do this. They will give you the blood you need. Concerning them Mrs. Robert Devitt, Brougham, Ont., says: "My daughter became so ill and nervous she had to take her out of school. She was pale and thin; her eyes were dull and the best attention upon her. I began giving her Dr. Williams' Pink Pills and in less than six months you would not know her. She gained in weight and strength and is now the picture of health."

Dr. Williams' Pink Pills are sold by medicine dealers or by mail at 50 cents a box from "The Dr. Williams' Medicine Co., Brockville, Ont."

### Predicts Reduction

In European Crop

One Third Less Than Last Year Say Wheat Experts

A European wheat harvest of about one-third less than the bumper crop of 1929 is predicted by London, England, wheat experts.

The 1930 harvest, which the experts estimated at about 29 per cent less than average, was damaged somewhat by a cold wet spring. Decrease in acreage was cited to account for the remainder of the drop from last year's total.

In the event of a shortage in the current crop in the United States, Argentina and Canada, it was considered certain that prices would be advanced materially.

One of the commonest complaints of infants is colic, and the most effective application for them is Mother Graves' Worm Exterminator.

### No Mortar Used

Bricks that are doweled and interlock and that said to form a wall stronger than can be built with the usual kind, are laid without mortar.

An angular ridge in the centre of each brick fits into a corresponding groove in the one above it, so that no mortar is necessary to hold the units together, says Popular Mechanics Magazine.

### Bicycles Are Cheaper

More bicycles were made in Canada in 1929 than in any previous year and prices were lower than they have been for thirty years, according to the records of the Canada Cycle and Motor Company.

### NERVES WERE BAD

Could Not Sleep

Tired All Day Long

Miss Florence Cloutier, Bark Lake, Ont., writes: "I was troubled with my nerves, could not sleep at night, and felt tired all day long."

"A neighbor came in to see me, one morning, and advised me to take

**MILBURN'S HEART NERVE PILLS**

"The first box did me good and after the sixth box I was able to go back to my work."

Price, 50c, a box at all druggists and dealers, or mailed direct on receipt of price by THE J. B. Milburn Co., Limited, Toronto, Ont.

### Canada's War Pensions

Liberality Shown By Act Recently Passed By Parliament

The recent War Pensions Act passed by the House of Commons and the Senate keeps the Dominion of Canada in the forefront among nations of the world as to liberality in dealing with war veterans. So far, Canada has paid in pensions and soldiers' rehabilitation \$625,000,000. Soldiers' insurance, given without medical examination, is at present self-supporting, but before the conclusion of the scheme the loss as estimated will be over \$25,000,000.

This year's expenses for pensions and soldiers' civil re-establishment is estimated at \$61,304,000. Next year's branch is expected to cost \$2,000,000. The new scheme giving the equivalent of old age pensions at an earlier age to "burnt out soldiers" will cost \$2,000,000 this year and increase annually to 1937, when it will be \$15,000,000. It will expire in 1976, and the aggregate cost will be \$480,000,000.

An immediate outlay of \$7,457,000 will be involved in replacing those on the pension list who commuted their pensions. There are \$948 in this class. The law is made broader in widows' pensions and medical examination and this will also add to the annual cost.

### New Telegraph System

Office-To-Office Connection Would Keep Messages Secret

A new system of telegraphy for London has been suggested by which messages tapped out on a keyboard, like a typewriter keyboard, in a private office, may be transmitted and automatically reprinted in the office of another subscriber. If the new system is installed a subscriber wishing to telegraph by it presses a button to call the exchange, and dials the number of the subscriber to whom he wishes to telegraph, in the same way as an automatic telephone is dialled. When the exchange signals that the connection has been made, both subscribers can typewrite to each other. Their messages will be telegraphed and re-typed automatically. When the communications are finished another button is pressed which ends the connection. The introduction of the system will offer the advantages of quick transmission, the ability to send messages at any time, and complete secrecy, as the direct office-to-office connection will prevent the message being seen by telegraph clerks or other post office employees.

### Plans Elevated Playgrounds

New York Architect Has Idea For Congested Areas

Elevated playgrounds for children over the streets in the congested areas have been proposed by a New York architect. Such playgrounds, it was estimated, could be constructed for about \$25,000 each, only a fraction of the cost of acquiring property for them, and at the same time providing the facilities where most needed, instead of in isolated sections difficult for the children to reach. The grounds would be built of reinforced concrete with a steel superstructure and surrounded by a wire net with flower boxes outside netting to give the effect of a roof garden.

Its Quality Sets It.—The fact that so many thousands of intelligent people continue to use Dr. Thomas' Electric Oil speaks volumes for its healing efficiency. Ever since it was first introduced it has grown steadily in public favor, owing entirely to its manifold usefulness in relieving and healing sickness. As a specific for cuts, burns, scalds, and various inflammatory pains its record is beyond reproach.

### Praise For Canada

Of all countries in the world, Canada is the best place to live in at the present time, declared Lord Willingdon, Governor-General, in a recent speech at Ottawa. No country had a brighter future than Canada, His Excellency said, and in a very few years the Dominion would go forward to increased prosperity. In his recent visits he had been struck by the evidences of more satisfactory farming conditions than he had witnessed since coming to Canada.

Barber's Itch and Ringworm are relieved by the use of Douglas' Egyptian Salve; quick, certain results. Relieves the most obstinate cases.

Bomb Found Near Veregin's Tomb  
 An attempt to blow up the tomb of Peter Veregin, the Doukhobor leader, who was killed in an explosion in a railway coach in 1924, was revealed at Nelson, B.C., by the finding of a bomb planted beside the structure. A miscalculation in the time failed to explode the dynamite.

Saxony now has 1,543 singing societies with 56,198 members.

Use Minard's for Rheumatism.

### Preparing Valuable Report

Dr. Weir Making Survey Of Conditions Regarding Nursing Profession

Dr. G. M. Weir, D.Phed, head of the school of education and director of the summer session, University of British Columbia, who is making an all-Canada survey of conditions regarding the nursing profession, has been loaned by the B.C. officials to the Canadian Medical Society and the Canadian Nurses' Association with a view to preparing a report on the educational, economic and sociological problems of the nursing profession. His head office is in Toronto.

### Recipes For This Week

(By Betty Barclay)

#### JELLIED VEGETABLE RELISH

- 1 package lemon flavored gelatin.
- 1 cup boiling water.
- ½ cup strained tomato juice.
- 3 tablespoons vinegar.
- 1 teaspoon salt.
- ½ teaspoon pepper.
- 2 cups sliced cooked vegetables, finely cut.

Dissolve gelatin in boiling water. Add tomato juice, vinegar and seasoning. Chill. When slightly thickened, fold in vegetables. (A mixture of several of the following may be used: Celery, green peas, green or yellow pod beans, asparagus tips, onions or carrots.) Turn into small individual molds. Chill until firm. Unmold and serve with meat course. Serves 8.

#### SPECIAL DEVIL'S FOOD CAKE

- ½ cup shortening.
- 2 cups sugar.
- 4 eggs.
- 1 cup milk.
- 2½ cups flour.
- 3 teaspoons baking powder.
- ¼ squares chocolate.
- 1 teaspoon vanilla.

Cream shortening and sugar together. Add egg yolks well-beaten. Sift together dry ingredients and add alternately with the milk. Add melted chocolate and vanilla. Lastly, fold in well-beaten egg whites. Pour into 2 well-greased square cake tins and bake in moderate not too hot oven (375 degrees Fahrenheit) for 30 minutes. Use your favorite icing.

#### Roads Made Of Steel

Roads of steel in England are scheduled for the future if one such road built on the King's Road, Chelsea, proves practical. It is a continuous network of tough steel, whose interstices are filled with concrete. On the surface, however, the metal grid is directly exposed to the wheels of vehicles. It is expected to last twice as long as any other road.

#### Minard's For Insect Bites.

Revenue From Livestock  
 Indians from the three prairie provinces sold approximately \$250,000 worth of cattle last year and still have around 25,000 head on the deferred reservations. The quality of the cattle is improving rapidly and Indian live stock men are in good financial condition.

**So Many Home Uses!**

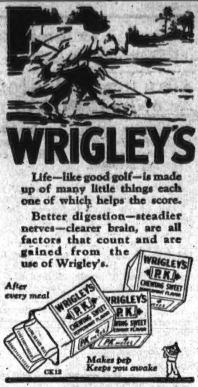

**YOU'LL FIND A hundred vital, saving uses for Para-Sol Heavy Waxed Paper in your home. Comes in handy, sanitary, knife-edged package. For less exciting uses: "Centre Pull" Waxed Tissue (flat sheets). At grocers, druggists, stationers.**

**Appleford Paper Products**  
 HAMILTON, ONTARIO

Western Representatives:  
**HUNTER-MARTIN & CO., REGINA, SASK.**

**WRIGLEY'S**

Life-like good golf is made up of many little things each one of which helps the score. Better digestion—steadier nerves—clearer brain, are all factors that count and are gained from the use of Wrigley's.

### Aid For Faithful Servant

Man Who Travelled With David Livingstone Gets Pension

As the result of an appeal for funds to aid Matthew Wellington, the faithful servant of David Livingstone, the explorer-missionary, he is assured of an income of \$5 a week for life. Wellington is 85 and lives at Mombasa, Africa, so that the pension will care for his simple needs. Matthew was with his master at his death, helped to embalm the body, and accompanied the coffin from the wilds to the African coast. The response to the appeal from Scotland was gratifying, and the money is being sent to the old man through the Resident Commissioner of Mombasa.

Nothing As Good For Asthma. Asthma remedies come and go but every year the sales of the original Dr. J. D. Kellogg's Asthma Remedy grow greater and greater. No further evidence could be asked of its remarkable merit. It relieves. It is always of the same unvarying quality which the sufferer from asthma learns to know. Do not suffer another attack, but get this splendid remedy today.

### Treaty Money Paid

Five dollars apiece in treaty money was handed out to 451 Indians on June 3, at The Pas, Manitoba, as the Union Jack fluttered over the treaty ceremony. Two Indians went for a taxi-drive and scores frequented the drive-in-ten-cent store. The natives made merry at the reserve, singing Indian songs and dancing the Red River jig.

### Old Press Moved

The Nogales International's 53-year-old newspaper press has left Arizona. It has been moved across the International line to Nogales, Sonora, having been sold to Judge Francisco Battis of that city.

## LARGER VOLUME OF IMMIGRATION FROM BRITAIN

London, England.—Despite a decrease in the volume of British emigration to other parts of the Empire in 1929 as compared with 1928, emigration to Canada showed a substantial increase, according to the report of the overseas settlement committee, made public today. The report is confined to a statement of events in 1929 and it is presumed the general policy of the Empire governments with regard to overseas settlement will be discussed at the Imperial Conference in October.

During 1929 the total number of emigrants from Great Britain and Northern Ireland to non-European countries was 143,686, compared with 136,834 in the preceding year. Notwithstanding this increase in the total migration overseas the total who went to other parts of the Empire was 106,909 in 1929.

The figures for 1929 were 108,982. The number assisted to go overseas under the Empire Settlement Act increased from 47,855 in 1928 to 72,133 in 1929.

The substantial increase in the movement to Canada was due to the ten pound rate, the report states. The total movement to Canada was 65,558, compared with 46,709 in 1928. There was a decrease in the movement to Australia.

The report describes the scheme for settling 3,000 families on farms in Canada, which started in 1924, and is now completed, as the most successful large scale enterprise yet undertaken under the Empire Settlement Act.

### New Order For Stockyards

May Be Permitted To Do Business In Restricted Areas

Ottawa, Ont.—Public stockyards were excluded from the restrictions placed on a designated area while testing for bovine tuberculosis in conducted, by an order-in-council passed by the Federal Government. It will mean that the Minister of Agriculture may issue an order that a public stockyard in a restricted area may be permitted to carry on business, as long as the area had not been established.

Saskatoon is the only place in Canada affected at the present time, officials of the Department of Agriculture said. While no order had been passed affecting the stock yards in that city, one is expected, they said. When tests of bovine tuberculosis are being conducted in a specified area, there can be no movement inward except that of tested cattle. Stockyards protested that this worked an injustice on them and that it seriously affected their business. This led to the order-in-council which excludes them from the restrictive terms.

### Contracts End In December

Married Women Will Not Be Employed In Winnipeg Schools

Winnipeg, Man.—Married women will not in future be employed as teachers in Winnipeg schools, it was decided at a meeting of the school board.

Married women now employed will be given notice that their contract will terminate December 31, 1930, unless exceptional circumstances prevail to warrant continued employment after that date.

It was also decided, in view of the existing unemployment situation, that the board will "record its disapproval of the acceptance by its employees of remunerative vacation employment."

#### Apply For Oil Leases

Prince Albert, Sask.—Saskatchewan's latest oil boom is apparently gathering momentum. The Dominion land office here has received two applications for oil leases on two sections of land in the vicinity of Kakwa, 17 miles south of Hudson Bay Junction, where oil and natural gas was struck by water well drillers recently. The applications have been forwarded to Ottawa for approval.

#### Plane Carried Huge Sum

Miami, Fla.—An aeroplane bearing two million dollars in cash arrived here from Jacksonville to meet, in financial situation caused by the closing of the Bank of the Hawaiian Islands and four others. President Rohlf of First National announced the money would be used through other Miami banks to pay off all concerned in the closed houses.

## Underworld Haunts

### Raided By Police

Six Hundred Suspects Are Arrested By Chicago Squad

Chicago, Ill.—Nearly 600 alleged hoodlums were rounded up as a special "strong arm" police squad smashed into underworld haunts, bent on ridding Chicago "for all time" of criminals.

Stirred to drastic action for solution of the murder of Alfred ("Jake") Lingle, Tribune reporter, and other gangland slughters, the squads, armed with shotguns, revolvers and tear-bombs, crashed the tug hangouts with a vengeance. Patrol wagons, loaded, began arriving at police headquarters in a stream shortly after 10 p.m. and at midnight there was no sign of a let up.

The prisoners poured in so fast that the attaches of the bureau of identification were swamped and extra details were called on to assist in the work of booking.

As soon as word of the raids was circulated, a veritable swarm of attorneys, bondsmen and others interested in seeking liberation of the suspects also descended on headquarters, but their efforts came to naught, ball being refused in each instance.

### Jury Acquits Oliver On Assault Charge

Son Of Ex-Premier Of B.C. Found Not Guilty

Vernon, B.C.—It took less than 20 minutes for the assize court to bring in a verdict of not guilty against Charles Oliver, son of former Premier John Oliver, charged with assaulting Dr. V. E. Latimer, in Penticton, last November 25. It was almost a foregone conclusion following the address of Chief Justice Morrison to the jury that Oliver would be acquitted and a murmur of satisfaction ran around the packed court room when the verdict was given.

Only four witnesses for the crown were examined and little time was lost by Hon. R. L. Matland, K.C., chief defence counsel in cross-examination. Mr. Matland put in no defence but immediately opened his address to the jury.

The jury retired at 3:40 p.m. and rendered their verdict at 4:00 p.m.

### Legion Objects To Fiction War Books

Condemns Those Not Founded On Actual Facts

Cardiff, Wales.—War should in no circumstances be made the subject of works of fiction, was the view expressed at the annual conference of the British Legion here.

War books came in for a good deal of criticism and a resolution was adopted condemning books in which the author does not draw on actual facts and personal experiences. The elimination of war as a subject for fiction was urged as a measure of respect for dead and maimed soldiers. Another resolution urged the council of the Legion to take steps to counter the "insidious propaganda" contained in books which slanders the character of Great Britain and belittles the principles for which she entered the war.

### Greeted By Home City

Hon. R. B. Bennett Receives Rousing Welcome In Calgary

Calgary, Alta.—Hon. R. B. Bennett is back at his western home after firing the opening gun of his election campaign at Winnipeg, followed by a second speech at Regina. The Conservative leader arrived in Calgary at a late hour, but a large crowd was on hand to greet him at the station and wish the opposition chieftain success in his campaign.

The assembly cheered the Conservative leader time and again, and they lined up to shake him by the hand. The Calgarian Highlanders, of which Mr. Bennett is honorary colonel, were on hand and rendered music of welcome.

#### Survey Planned For Fall

Churchill.—Surveying of the townsite of Churchill will be done by the province of Manitoba, next fall, and construction will start next summer. Hon. D. C. McKinnon, Minister of Mines and Natural Resources, stated here.

#### Could Not Be Prevented

Boston.—No practical measures have been suggested which could have prevented or minimized the force of the 1929 stock market panic, according to Richard Whitney, president of the New York Stock Exchange.

## Settles Old Dispute

Nova Scotia Not Liable For Militia Expenses During Strike

Ottawa, Ont.—The Province of Nova Scotia is "not liable to pay to his Majesty in the right of the Dominion all expenses and costs incurred by reason of the calling out of part of the active militia in aid of the civil power in Cape Breton" during June, 1925: This was the majority judgment of the Supreme Court of Canada, delivered by the chief justice here, Mr. Justice Newcombe dissenting, and Mr. Justice Cannon finding that liability was "conditional."

This settles a five-year-old dispute between the Dominion and the province in which the Dominion claimed reimbursement in the sum of \$133,167.73—the cost of despatching and maintaining troops of the permanent force in Cape Breton during the coalminer strike of 1925.

### Trans-Atlantic Trip Is Postponed

R-100 Not Coming To Canada Until End Of July

Ottawa, Ont.—The R-100 will not begin her trans-Atlantic trip to Canada until after the general election on July 28. This was conveyed to the Minister of National Defence, Hon. J. L. Ralston, in a cable received here from the British Government.

The postponement of the dirigible's flight is in accordance with an agreement between Canada and Great Britain.

The start of the flight will be made during the last three days of July, the cable said.

## PRINCE MAKES HIS FIRST WORLD-WIDE BROADCAST

Glasgow, Scotland.—Making his first world-wide radio broadcast, the Prince of Wales, standing on the famous Clydesbank wharves on the occasion of the launching of the Canadian Pacific Railway liner "Empress of Britain," said the building of the new liner was the most important milestone in the recent history of the British mercantile marine.

"The vessel," the Prince said, "represented the last word in ship-building and as to appointments would be found to have no rival. The building of what the Prince described as 'this wonder ship' was another sign of the sound imperial policy of the Canadian Pacific Railway."

His Royal Highness went on to say the C.P.R. had built 16 vessels in Great Britain since the war at a cost of \$20,000,000 and this when ship-building in Great Britain was at a low ebb.

"Winnipeg, Man.—Radio brought the voice of His Royal Highness the Prince of Wales from Great Britain to Western Canada as clearly as though he had been speaking directly through the microphone at one of the big Canadian stations. Listeners in all over the Prairie Provinces heard the heir to the British throne launch the new Canadian Pacific liner "Empress of Britain," his companion speakers being Lord Abercromby, British shipping magnate; and E. W. Beatty, K.C., President of the Canadian Pacific Railway.

Reception through C.M.R. at Fleming, Sask., and C.K.Y. at Winnipeg, two units in the chain of 91 stations in Canada and in the United States that received the broadcast over the wireless from England to Yarmouth, Quebec, was excellent, and enabled newspapers to take verbatim the report of the speeches of His Royal Highness and Mr. Beatty.

## VISITING CANADA

Mrs. Ralph Booth, wife of Captain Ralph Booth, who will pilot giant ship across the Atlantic to Montreal, is now staying in Toronto, Ontario.

### Ships Collide In Fog

Many Lives Lost When Passenger Steamer Rams Oil Tanker

Boston, Mass.—Flaming oil, spurting from the depths of a stricken oil tanker, believed to have been the "Pintias," of Fall River, was thought to have claimed the lives of more than 40 persons aboard that ship and the passenger liner "Fairfax," outbound from Boston, when they collided in Massachusetts Bay.

So suddenly did the tragedy occur that not a single survivor of the tanker was believed to have escaped the fog-shrouded inferno which followed the impact.

At least a score of the "Fairfax" passengers and crew were unaccounted for while the "Pintias" carried a crew of 19.

Aboard the big passenger liner scenes of wildest confusion succeeded the shock of the crash. Men and women, believing the ship doomed, hurled themselves into the sea only to perish amidst the raging oil which poured from the tanker in all directions. Others were burned in their berths by the white heat of the fire which seared the port side of the ship.

The flames which swept both craft melted their radio antenna and temporarily ended possibility of summoning aid. The tanker, after stem to stern, settled slowly into the water, plunging from eight 20 minutes after the crash.

### Ship Receives Page Of "Evening World"

Was Sent By Radio and Picked Up Intact

New York.—For the first time a newspaper has been spread out on waves of ether and picked up intact by a steamer at sea.

The experiment was successfully concluded when the first page of the Evening World was sent to the United States liner "Regulus," at the moment 2,310 miles from New York. The paper was sent by the Radio Corporation of America's new photo-radio apparatus.

A mysterious cylinder, with purple ink, spun out intact the newspaper page that had appeared on the sidewalks of New York. Pictures and type were reproduced as clearly as the city, while the steamer was nearing her port of call, Plymouth, England.

#### Three Subs Launched

Barrow-In-Furber, Eng.—Three submarines for the British Admiralty—the "Regulus," "Regent," and "Rover"—were launched at one shipyard here within the space of 34 minutes.

## First Bride on New Ship

When the new Canadian Pacific coastal steamship "Princess Elizabeth" was being welcomed to Vancouver recently with a civic luncheon, at which city and port officials praised the company for its initiative and foresight in building up such a fine coastal fleet. Mayor W. H. Harkin, Vancouver port superintendent, promised to present the first bride who travelled on the new ship with a bouquet. So when Mrs. L. M. Goode boarded the ship with the groom, she was duly handed a bouquet by George Fitch, secretary to his Honor, as the "first honeymoon" to take the Vancouver-Victoria trip on the "Elizabeth." Picture shows, left to right, Captain R. M. McKinnon, port superintendent, B.C. Coast Steamship Service; L. Goode and Mrs. Goode, and Mr. Fitch.

## Successor Not Appointed

Australia Has Not Yet Chosen New Governor-General

Canberra, Australia.—In well-informed political circles it is stated Lord Somers, governor of the State of Victoria, will act as governor-general of Australia for about six months after the departure of the retiring Governor-General, Lord Stonehaven, in October.

The reason given is that Premier Scullin has asked to have the appointment of Lord Stonehaven's successor deferred in order to enable him to consult the Dominions office when he is in London attending the Imperial conference in October.

Some time ago the appointment of a native-born Australian to the post was mooted and the name of Rt. Hon. Sir Isaac Isaacs, chief justice of Australia, was mentioned. Premier Scullin at the time said there was nothing to prevent the appointment of an Australian.

### Winnipeg Lawyer

Going To Norway

Will Represent Government Of Canada At Coming Celebration  
Winnipeg, Man.—James C. Berg, Winnipeg barrister and a prominent worker in Norse societies for many years, received word of his appointment by Premier Mackenzie King as representative of the Dominion Government to the celebration of the nine hundredth anniversary of the introduction of Christianity into Norway, in July and August.

Mr. Berg is the son of one of the earliest Norwegian settlers in western Canada. Representatives of Saskatchewan, Alberta and British Columbia governments are expected to sail with Berg, early in July.

### Simple Service For

Late F. E. Trautman

Official At Fort William

Fort William, Ont.—Impressively simple obsequies were held here for the late F. E. Trautman, for the last 18 years Canadian Pacific Press representative in Western Canada.

He was buried in the city where a large part of his career as a pioneer western newspaperman was passed as editor of the Fort William Times-Journal.

The cities of Port Arthur and Fort William were officially represented as was the railway company, and a large number of private citizens also paid their last respects.

Interment was made in the family plot in Mountain View cemetery.

## FIRE DESTROYS GRAIN ELEVATOR AT PORT ARTHUR

Port Arthur, Ont.—Three hundred thousand dollars damage is estimated as result of the destruction by fire of the Union Terminal Elevator workhouse. The building broke into flames from unexplained cause and the conflagration raged for more than ten hours before it was brought under control.

Thousands of lake-head residents, roused from their beds by the crackling of flames and the commotion caused by the action of all available fire-fighting equipment, gathered at the scene. The reflection of the flames, which swirled to 100 feet in the air, cast a red glow over the entire lake-front in the darkness.

Estimate of the damage was unofficial, as the head offices of the company are in Winnipeg, and representatives at the lake-head would hardly be able to make a reliable estimate.

Fifty thousand bushels of grain stored in the work-house were destroyed as the flames roared through the structure, spurring efforts of firemen to place it under control. Eleven empty box cars belonging to Canadian Pacific and Canadian National Railways took fire on the siding adjoining the burning building and were completely destroyed.

Winnipeg, Man.—Officials of Union Terminal Limited, refused to estimate loss as the result of fire destruction of the company's work-house at Port Arthur. It was stated at the head office here that "absolutely no figures are available."

Only the cement tanks of the Union Terminal plant remain intact. The grain they contained may be ruined by heat. The watchman had a narrow escape getting out in the darkness after the light went out. Heat from the burning pile was intense.

## CROP REPORTS ARE WATCHED IN OLD LAND

London, England.—The truth about the Canadian wheat crop is anxiously awaited here because of despatches from Canada giving rise to the impression that there will be a shortage and that the price will be higher in the Old Country this coming winter.

The Winnipeg correspondent of The Daily Telegraph cables that Canada is faced with the prospect of another short wheat crop, adding "this important information was not obtainable from the Wheat Pool, because of their attitude that 'we told the truth last year and the world would not believe it; now the world can find out for itself.'"

He reports too, that the Canadian farmer resents being called a shylock because he wants a price for his wheat.

This despatch to The Daily Telegraph contrasts with the optimistic statement of the Dominion bureau of statistics, and has left the public here in doubt as to what prospects really are.

If the Canadian wheat crop is short and the price of bread rises, there will be an outcry by the protectionists and the Empire free traders for an understanding with Canada, and they will use this fact to advocate protection against Argentine wheat in favor of Canadian.

### Mail Plane Badly

Damaged In Crash

Two Passengers From Calgary Cut By Flying Glass

Moose Jaw.—An air "bump" under the left wing of a mail plane caused it to drop 10 feet to the ground, collide with the flood light at the east end of Moose Jaw flying field, and flip onto its back. Two passengers, R. V. Price and F. A. Ogilvie, both of Calgary, and proceeding to the Lions' convention at Regina, were cut by flying glass.

The plane, Boeing CP-A10, was badly damaged, two wings, the tail plane and the engine mount bent and twisted. Work of repairing the machine was commenced the next morning.

Major Thompson, superintendent in charge of the Western Airways plant at Moose Jaw flying field, stated the accident was not aviationally serious, as the pilot was in no way to blame for what had occurred. "It was just one of the bad 'breaks' which happen," he said.

### Will Visit Native Land

Two Hundred and Fifty Icelanders Will Attend Celebration In Honolulu

Winnipeg.—Two hundred and fifty Icelander residents of Western Canada, most of them from Minnesota, left here by special train for Montreal, where they will embark for their homeland to attend the millennial celebration of the Icelandic parliament, the Althingi, on June 17.

They sail from Montreal on the Canadian Pacific liner "Montcalm." Prominent in the party were Hon. M. G. Flynn, of St. Paul, who will represent the state of Minnesota at the celebration, and Captain Shighryg Jonasson, of Arbog, Man., a resident of Canada for 58 years who, despite his 78 years, was among the most enthusiastic of the group.

### Settlement For Swedes

Stockholm, Sweden.—Some Swedish people, who fled from the Ukraine because of unsatisfactory conditions under Soviet rule and who came here with the hope of joining relatives in Canada, have already emigrated to the Dominion. Arrangements for establishing the remainder in Sweden are proceeding satisfactorily. A public subscription, started for the purpose, resulted in about \$250,000 being raised and in addition a grant was made by Parliament.

### Urges Second Term For Hoover

Port Myers, Fla.—Thomas A. Edison told interviewers here that he would urge President Hoover to seek election for a second term. The aged inventor said "the United States government is the most inefficient big business organization in operation today," and he added he did not blame the president. The vast waste of the business, he said, was responsible.

A chain of airports from coast to coast is advocated by the Canadian Chamber of Commerce.

## RISK!

TO-DAY the lure of easy profits is drawing many into the whirlpool of risky speculation—to-morrow the vision of wealth may be rudely shattered.

A few years hence, which will be yours—a comfortable balance in the Bank or vain regrets for hasty action?

## The Royal Bank of Canada

Blairmore Branch ——— J. B. Wilson, Manager  
Bellevue Branch ——— J. S. Lamey, Manager  
Hillcrest Sub-Agency open Tuesdays and Saturdays.

Out of 120 mail bags on the steamer St. Sunniva, wrecked on its voyage to Orkney and Shetland, only four have so far been washed ashore, says a Lervick message. Three of these had been reduced to practically a pulp by the heavy seas, but the contents of the fourth, surprisingly well preserved, were delivered to the addressee promptly. They were all demand notes from the income tax collector.

One of the Calgary dailies on Saturday last referred to Joseph Stobbs

as Liberal candidate for the Rocky Mountain constituency. Someone's missionary work must have been rewarded by at least one conversion to the faith.

P. Ubertino is making progress with remodelling the Ingram block for a motion picture theatre. The work is being rushed with all possible speed, and he hopes to have the theatre in operation in a few weeks' time. Mr. Ubertino plans to install equipment for talking pictures.—Bassano Mail.

## Local and General Items

Rev. E. O. Forde, of Lethbridge, has been elected president of the Alberta Baptists.

Pincher Creek and Blairmore seniors will engage in a baseball game on the Blairmore athletic grounds on Sunday afternoon at 2.30.

Dr. Borden has returned to Coleman, after a few weeks spent in Edmonton, taking special exams. Mrs. Borden returned with him.

Miss Lucy Harmer and brother Robert, of Calgary, are visiting with their grandparents here, Mr. and Mrs. Walter Howe, senior.

Charles Oliphant was found guilty of the murder of Long Seng, a Milk River Chinaman, and was sentenced to hang on September the 10th.

Flour is a combustible substance. When a cloud of it floats in the air of a room, every particle is in immediate contact with oxygen and a flame or even a spark will cause it to burn.

A vote of members of the Canadian Mine Workers in the Crows Nest Pass district on Tuesday resulted in practically two to one in favor of the recall of Frank Wheatley as their president.

A friend of ours in Bellevue asked as to whether the new Blairmore silent policemen were expected to talk back at you when you came into contact with them. Well, in all probability they would.

Whatever happens in real sport, it is a grave pity that anyone should go to the extent of knocking the sport. Certain individuals in this district have been doing anything but boosting, and such practice can have only one result.

A man, believed to be Stephen Toy, of Kingston, Ontario, and a returned soldier, died this morning of injuries sustained in an unknown manner near Hillcrest Station on Tuesday evening. His skull was fractured. A jury has been empanelled and an inquest is proceeding.

An effort to eliminate the dust nuisance from at least some of the main trunk highways of Nova Scotia is to be made this year. At the recent session of the legislature, the sum of \$100,000 was included in the highway department estimates for this purpose.

Robert Gray and family left by motor this morning for Vancouver, where the family will reside for the summer months. Mr. Gray will return in the course of a couple of weeks. Before leaving, Mr. and Mrs. Gray had the privilege of being the first to record their votes.

At the recent Baptist convention, held in Calgary, the Rev. H. H. Hull, prohibition organizer, announced that a petition to the government of Alberta, asking them to abolish the private sale of beer, but in a way not to interfere with the present vendors' stores, would be circulated.

The trouble is that some over-zealous people do not sufficiently appreciate the privilege of free speech to consider their utterances before broadcasting them. When they find they have been indiscreet, then it is the easiest thing in the world to blame the press.—Coleman Journal.

Among the successful students and recipients of awards at the annual commencement exercises of Mount Royal Educational College, Calgary, on Monday were the following local girls: Miss Margaret Irene Chappell, silver medal for general proficiency in the commercial department, also diploma and certificate; Miss Margaret Wolstenholme, diploma and certificate for general proficiency. Mr. W. H. Chappell attended the exercises and accompanied his daughter back to Blairmore.

A mountain sheep ventured out on the prairie as far as Inisfail last week.

Bill Fraser and his orchestra will give a dance in the Moose hall on Monday night next.

Insanity isn't increasing. It just seems that way, because we have found new uses for it.

FOR SALE—Ford Light Delivery Truck, in good running order. Apply to W. M. Bush, Service Station. (J12-4)

Mr. and Mrs. E. Elliott returned to Kimberley on Saturday morning, after a week's visit with friends here.

Thirty Single-Comb two-year-old White Leghorn Laying Hens for sale. Apply to Mrs. L. H. Turner, Blairmore.

The earth we live on is 8000 miles in diameter. One of the far distant stars has an estimated diameter of 790,000,000 miles.

Rev. Father McCormick, who had been relieving Father Harrington for a few weeks, returns to Okotoks this week.

The mines at Cadomin are now working six days a week. Cadomin has neither government relief nor soup kitchens.

Of the women of the Irish Free State between the ages of 30 and 35, over forty per cent are unmarried. Let's go to Ireland.

G. G. Coote, M.P., was in Blairmore on Tuesday and addressed a meeting in the interest of the labor candidate, Mr. Joseph Stobbs.

Major Sgraves, holder of the world's motor speed record, was killed in a speed boat accident in England on Tuesday last week.

A local schoolboy remarked the other day that newspapers are useful for reporting calamities, such as deaths, marriages, etc.

Mrs. Chardon, of Blairmore, was the winner of the hope chest drawn for at the dance given by the C.W. L. at Hillcrest on Friday night last.

According to an exchange, one of the candidates for the Air Queen contest at Brooks is a young lady of 22, who was born in 1881. Figure that out.

The fellow who is forever looking for the great movements of the future, should prepare and exercise himself in the interests of those of the present.

Rev. Father Harrington returned Monday morning from Ontario, where he had been called to attend his mother's deathbed. Mrs. Harrington passed away shortly after the arrival of her sons from Western Canada.

An interesting case has come out of the Dryden murder case in Nova Scotia, in which James Stewart, of Glengarry, was charged with the murder of Dryden. William J. McDonald, a star witness, was himself charged with the brutal crime.

## Tenders for School House

Sealed Tenders will be received by the Board of Trustees of Hillcrest Mines School District No. 1916, at the office of the Secretary-Treasurer up to noon of 2nd July, 1939, for the erection of a two-roomed addition to present school building after Plan Number 63-C-324. Plans and specifications may be obtained from Secretary-Treasurer on payment of a deposit of \$5.00. Plans must be returned within 24 hours, and deposit will then be refunded. A marked cheque for five per cent of the amount of tender should be enclosed with each tender as a guarantee that same is bona fide. The lowest or any tender will not necessarily be accepted.

STIRTON MARSHALL, Secretary-Treasurer.  
P. O. Hillcrest Mines, Alberta. Nearest Station, Hillcrest. Miles distant, one. (J19-28)

## People are of Two Sorts

—Peace-makers, trouble-makers

So are foods. Some irritate and inflame the digestive tract. Others bring peace, harmony, contentment.

## MOTHER'S BREAD

is the great tranquilizer. It soothes and nourishes. Why? Because it is nature's complete ration, representing all food and no waste. Build your meals upon it.
